

Where Have All the Pupils Gone? To Upper Grades, One by One

(Editorial on Page 18.)

"Where Have All the Pupils Gone?" is a song on war and peace issues popularized by such groups as the Kingston Trio.

"Where have all the children gone?" is the question being asked by Granite City school administrators, who are attempting to find ways of matching school facilities with changing student age patterns.

The subject is to be reviewed further during a meeting of the board of education at 7:30 p.m. tonight.

Time was when Granite City school district enrollment was climbing between 300 and 600 each year. This trend continued until the late 1960s, for example, in 1962 total in September 1967 had risen to 14,713 by the fall of 1968.

But a year later, in September 1969, brought an increase of only 144, to 14,857. And the current year of 1970-71 started with 14,855 students, or two less than a year ago.

Although a leveling off in enrollment might seem to present no problem in allocating school facilities, there has been a significant shift within the grand total of the pupil population.

Kindergarten-through-eighth grade enrollment is declining. It totaled 10,314 youngsters in 1967; 10,498 in 1968; 10,430 in 1969; and 10,324 this year. Special education pupils have numbered 114, 128, 134 and then 166 during the same four years.

Arthur Menendez, principal of Mitchell Grade School and chairman of a redistricting committee of the school district staff, has reviewed the trend in a verbal report to school board members.

"As you know, in 1968, we were experiencing an average growth of about 350 pupils per year," the committee has explained.

"We projected—based on past history, recent studies by the Southwestern Illinois Metropolitan Area Planning Commission, and indicators from local sources—that we would continue this type of growth."

"At the time we proposed the latest construction bond issue, we anticipated an elementary school on the Schaefer tract (Old Alton Road in the Norwood area), a junior high-level elementary school on the Wein tract (near Maryville and N. Meek Road) and the conversion of Coolidge Junior High to high school usage, housing the ninth through twelfth grades on the one Granite City High School campus."

School administrators see a variety of causes for the new situation of reduced grade school needs and intensified space requirements at the secondary education level.

The impact has not been noticeable in the upper grades because large primary and intermediate classes are gradually working their way upward in the school system.

Ninth-through-twelfth grades enrollment has advanced during the 1967-68 through 1970-71 years from 3,855 to 4,087 to 4,283 and now 4,365.

Overall Granite City enrollment stood at 14,601 on March 1. The present estimate of June 1971 graduates is 728.

With the kindergarten class next fall likely to duplicate the class of 1,079 boys and girls of last fall, the projected September 1971 enrollment is 14,952.

The bulk of the expected increase is at the high school, where the tenth-through-twelfth grade cards count indicates a possible total of 3,400 to 3,440. How to handle these students remains to be decided.

A breakdown by classes of the September 1970 enrollment tally of 14,855 follows:

Kindergarten, 1,079; first grade, 1,186; second, 1,211; third, 1,134; fourth, 1,206; fifth, 1,090; sixth, 1,143; seventh, 1,128; eighth, 1,133; ninth, 1,508; tenth, 855; eleventh, 1,134; twelfth, 748; and special education, 166.

Carl E. Hackney, 33-year-old steel plant employee who was declared elected as village clerk of Pontoon Beach, has been disqualified because of a one-year residency requirement which he failed to meet and will not be seated in office, it was learned by the Press-Record today.

Instead, the village board, in a special meeting Wednesday night, plans to seat Mrs. Kathleen Bledsoe, 3834 John Glenn Drive, who ran against Hackney as a write-in candidate for clerk in the municipal election April 20.

The development brought announcement today from Chester E. Dean, an unsuccessful candidate for village board president in the same election, that he and two candidates for trustees on the village board, will contest the election of other candidates of the Civic Action Party headed by Thomas as Stafoff. Stafoff has been village board president for the past eight years.

Dean said a contest of the election of Stafoff as board president, for Dean, Dean Rochester, Loren Madison and John Cole as trustees in the April 20 election, will be based on allegations of irregularities in the Pontoon Beach balloting.

Annexation incomplete. Foremost among these, he said, will be evidence that many persons balloted illegally from areas that have been annexed during the past three years by a vote of the village board, but which have not been finalized for annexation by the filing of the proper documents with the county clerk and the recorder of deeds at Edwardsville.

Hackney, who ran on the local Action Party ticket, polled 294 votes in the April 20 balloting, to 213 votes cast for Mrs. Bledsoe as a write-in candidate.

Mrs. Bledsoe ran with Dean, and with Raymond Gaudet and Floyd D. Moss, candidates for trustees. Only Dean's name was on the ballot, the other three making their bids as write-in candidates.

Dean said the fact that Hackney has been disqualified means that Stafoff and his

Steel Co. Air Hearings Will Begin Tues.

Public hearings opening at 10 a.m. tomorrow at the Alton City Hall on alleged clean air rule violations by Granite City Steel Co. may last as long as three weeks, Herbert Kaplan, an assistant state attorney general, said Saturday.

Captain, the prosecutor, speculated that the firm will use technical experts to say that feasible air pollution control methods have not yet been invented and that technological breakthroughs are imminent.

He charged careless operation of present pollution devices at the local plant, alleging that it is in violation of air quality rules about half the time.

Noting National Steel-Steel merger plans, Kaplan said a national steel subsidiary has successfully used night-chilling and discharging systems to reduce fumes from coke ovens.

Foreign Intrigue? No, But Tri-City Regional Port District Rapidly Taking on an International Flavor

By GARY SCHNEIDER

The Quad-Cities played host Friday to a group of industrialists from Japan and a diplomat from Belgium, all here to study the operation of the Tri-City Regional Port District.

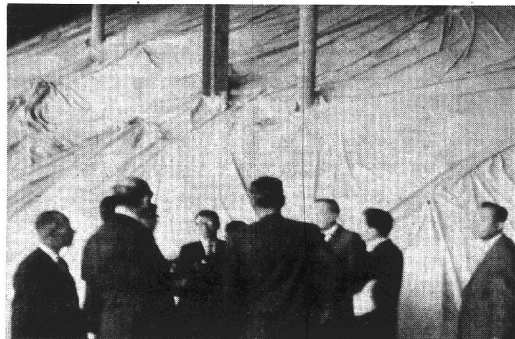

Eight officials and representatives of Japanese glass, detergent and chemical companies were here as part of a two-week visit to portions of the U.S., called the Soda Ash Mission.

Their task is to study the American handling of natural mined soda ash, an essential ingredient of glass, detergent and other products.

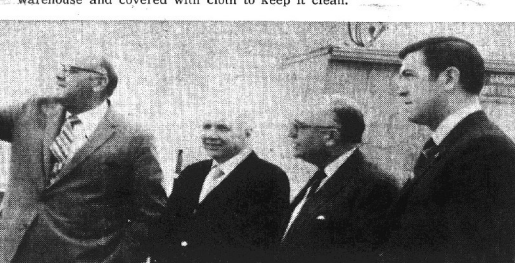

At present, the Japanese manufacture soda ash for use in their products and are considering the possibility of importing the natural material from this country or other countries where soda ash is available.

The local port hosted the visit of Bent E. Silverberg, manager of European operations of the Department of Business and Economic Development of

1896-1971 Mosquitoes Caused 'Shakes And Fevers' But Bottomland Mists, Vapors Were Blamed

Granite Cityans on Aug. 21-28 will observe their city's 75th anniversary. Below is the fifth in a series on the history of this community.

The previous article discussed the first settler, Dr. George Caldwell, who became the first Madison County justice of the peace, first judge of the county court and first Illinois state senator from Madison County.

Still suffering from the "western fever," he had moved, meanwhile, from Edwardsville to M'Onare Terris (Mauvis Terre) on the Illinois River.

In 1821, he settled in Morgan County, where he died on Aug. 1, 1828.

Mathew Kerr, a St. Louis merchant, acquired the ferry landing at Old Venice in 1826 and replaced John Anthony's shifts with the Brooklyn, a large ship on the river by horses stationed on either shore.

He also improved sections of the Slough Road which led through Six-Mile Prairie to Wood River and Alton. When Alton and the neighboring region boomed in the 1830s, Old Venice became a major outlet for back-country produce.

Steamboats were then running regularly between St. Louis and Alton, but the Slough Road and the Brooklyn afforded a cheaper means of reaching St. Louis markets.

'Music Man' Plays to Enthusiastic Audience

Response by audiences to the East Bank Players' production, "The Music Man," was enthusiastic, a viewer commented after attending the show Saturday evening at the Granite City Elks Club.

Surprise visitors at Friday's opening night performance were Illinois Lt. Gov. and Mrs. Paul Simon and children, Sheila and Martin. The lieutenant governor led a standing ovation for cast members at the conclusion of the show, it was learned.

Additional performances of the Meredith Willson musical are scheduled by the Quad-City theatrical company at 8:15 p.m. Friday and Saturday at the same location. Tickets priced at \$2 for adults and \$1 for students, may be obtained from Players' personnel or at the Granite City Elks Club.

Members of area senior citizens' groups will view the musical without charge Thursday evening, according to Mrs. Millie Hoelscher, director. A free rehearsal performance was attended by local Girls Scouts last week, the Players' official said.

In Office During Appeal

An appellate court judge later issued a stay order permitting the board members to remain in office pending appeal of their convictions. This ruling was upheld by the Illinois Supreme Court.

Meanwhile, Governor Ogilvie ordered the special election to fill five levee board seats, one of which has been vacant due to the death of Joseph Grant of Granite City in 1969. The primary set for May 4 was to be held.

A project for senior citizens is planned and will be reviewed at tomorrow's 8 p.m. meeting of the Madison City Council, Mayor Mike Sanyk reported today.

A second project is to be announced within 30 days, he said.

Calvo to Submit Levee Division Bill Tomorrow

Legislation that would divide the Madison and St. Clair Counties sectors of the East Side Levee and Sanitary District and create a separate Quad-City

Suit Would Bar Levee Elections In May and June

Hearing on a petition for an injunction to prevent a special primary election of nominees for the board of trustees of the East Side Levee and Sanitary District is scheduled at 1:30 p.m. Wednesday in the St. Clair County Circuit Court at Belleville.

Why for the restraining order was filed in behalf of the four incumbent members of the levee board by John Hoban, Belleville, a levee district attorney and representative of the present board fall on misconduct charges.

The injunction proceeding names, Miss Eulalia Holz, Madison county clerk; Daniel Ring, St. Clair county clerk, and members of the East St. Louis Board of Election Commissioners as respondents. They are in charge of conducting the special primary election set for Tuesday, May 4 under an order of Governor Richard B. Ogilvie who maintains the levee trustee posts were automatically vacated by conviction of the present four members.

The levee board members — Morris Campbell, George Duff and Lawrence Tolar of East St. Louis and William "Mike" Eberhardt of Venice — were sentenced to fines of \$1,250 each, three years probation and removal from office.

An appellate court judge later issued a stay order permitting the board members to remain in office pending appeal of their convictions. This ruling was upheld by the Illinois Supreme Court.

Meanwhile, Governor Ogilvie ordered the special election to fill five levee board seats, one of which has been vacant due to the death of Joseph Grant of Granite City in 1969. The primary set for May 4 was to be held.

area levee district will be introduced in the Illinois House at Springfield tomorrow, State Representative Horace Calvo (D-Granite City) announced today.

Rep. Calvo said the bill, which is in the form of an amendment to the original 1907 legislation act establishing the levee district as it now is, will permit the present trustees of the district in each of the two counties to separate and continue operation as separate entities.

The Madison County portion of the present levee district is made up primarily of Granite City, Nameoki and Venice Townships and part of Chouteau Township.

The St. Clair County portion made up of Canteen, Spates, Centerville and most of East St. Louis Townships. Separate boards of trustees are provided for the two districts.

The legislation was drafted by Calvo as the result of growing complaints in the Madison County sector of the district that the Madison County area has received only minor benefits from the present district while the taxpayers in this area are paying a constantly increasing portion of levee district expenses. A group of Nameoki Township residents in recent months obtained several thousand signatures on petitions calling for such action.

Must Share Indebtedness

The bill which Rep. Calvo said he will introduce tomorrow provides that the two separate districts will pay their proportionate share of the indebtedness of the district as previously constituted, with the division of payment based on the percentage of the equalized assessed valuation of the respective districts.

It also provides that property now owned by the two-county district, both real and personal, be divided with each respective county area retaining the property lying within that area.

The change in the levee district boundaries is effected primarily by addition of four new townships to the 1907 legislation upon which the bi-county district was founded.

Section 6, which is an addition to the act, specifies:

"Each of the two districts shall elect trustees at the November election in 1972, who

INGLORIOUS END. Every day North Korean Communist agents seek to infiltrate South Korea on sabotage and terror missions. Here, Republic of Korea soldiers view bodies of some who failed.

U. S. Troop Cut in Korea Matter of Life and Death, Prime Minister Says

U. S. State Agents Raid Arms Caches

Last of three articles on the still-dangerous Korean conflict.

SEOUL—"It is a matter of life or death with us and I'm not sure the Americans understand this," said Republic of Korea's Prime Minister Chung Il Kwon in an interview.

Chung was expressing in the typically Korean polite manner the fear that his government has concerning the 20,000-man reduction in U. S. forces in this nation.

The raid followed a three-month-long investigation of violations of Federal and State laws.

Forty-one arrests were made on charges varying from selling firearms without a license in violation of the Federal Gun Control Act of 1968, possession of explosive materials and destructive devices in violation of the Explosives Control Act of 1970, possession of narcotics and stolen property.

Federal arrest warrants were issued by U. S. Magistrate Charles Himes of Carbondale through the direction of U. S. Attorney Jeff Arbetman of the Eastern Judicial District of Illinois, East St. Louis.

Chung remembers well the sweep south of the Reds from the north on June 25, 1950. And, he speaks often of how uneasy the armistice is, an armistice that on July 27, 1953, was supposed to pave the way for lasting peace.

The total U. S. force in Korea is leveling off at about 45,000 soon and U. S. officials at the U. N. Command led by Gen. John H. Michaelis consider that to be sufficient.

The South Koreans are not so sure. They have daily evidence of increased efforts of the Reds to infiltrate the south, stage terroristic raids and stir up discontent with subversive activities. They note, and the Americans admit this, that there is almost daily shooting in and around the DMZ. And, they have stacks and stacks of photographs showing both small and large groups of dead North Korean agents, slain in futile efforts to infiltrate Seoul and other vital Republic of Korea areas.

Captured Equipment

"Look at these," Chung said, pointing to pictures of dead Korean agents and of captured equipment—rubber boats made in Japan, radios made in the United States, rifles made in Red China and other equipment from Russia. "Look at these. Every day we get new evidence of aggressive intentions of Kim Il Sung (North Korea's premier)."

Chung has the full support of his Central Intelligence Agency director, Kim Kye Won.

"The Communists are testing the United States on withdrawing of troops," Kim said. "All of these new incidents are linked to the U. S. pullout. This is a very dangerous time for us, particularly when we hear from the north that Kim is building and building his military machine. Also, he is mending his relations with both mainland China and Russia and is assured of immediate help when he decides to invade us again."

North Korea's Kim often has expressed publicly his desire to "unify Korea by force" and is claimed to have boasted that he would be in Seoul on the date of his birth date was April 15, when he was 60.

While this bit of bravado does not frighten the South Koreans, what they claim are the "facts" do—plus their deadly fear of another war at the time when they are straining to develop a viable economy that can compete in the world's markets.

"We think by our skin," Chung said, "and that's why this is life or death with us. We know, for instance, that American intelligence in world war I and world war II was very expensive but it was not always perfect."

Employment in Area Dips In Year But Stabilizes

A total of 15,115 persons were employed in mid-March by 49 reporting firms in the Granite City labor market area, a decrease of 1,456 from the same period a year ago, according to Illinois State Employment Service office here.

A gain was shown over the first three-month period of this year as January showed an employment total of 14,746, and the trend for the second three months shows some stability with an estimated drop of 100.

Employment in manufacturing industries totaled 11,136 in March, down 804 from a year ago, up 125 since January and expected to increase 350 by June.

Durable goods industries showed an employment of 9,888 in March, down 715 from a year ago, up 183 since January and expected to go up 306 by June.

Primary Metals

The largest loss was in six primary metals industries which in a year fell from 9,013 to 8,469. It increased 219 since January but is expected to improve 368 by June.

Other durable goods employment figures for March, compared with those of a year ago and with June estimates in that order, are lumber and wood products, 61, 61 and 60; fabricated metal products, 180, 218 and 187; transportation equipment, 1,110, 1,218 and 1,140; and miscellaneous, 39, 33 and 40.

Employment in non-durable goods totaled 1,276 in March, down 89 from a year ago and 36 from January with an expected increase of eight.

Included were food and similar products, 920, 937 and 920; paper and allied products, 155, 183 and 140; printing, publishing and allied industries, 93, 83 and 94; chemicals and allied products, 104 and 101; and rubber and miscellaneous plastics, 31, 28 and 31.

Non-Manufacturing Jobs

Non-manufacturing jobs totaled 3,979, down 668 from a year ago, up 242 since January and an estimated loss of 415 by June.

Included are contract construction, 316, 453 and 322; transportation and warehousing, 54, 55 and 54; communications, electric, gas and sanitation, 756, 791 and 796; wholesale trade, 91, 75 and 105; retail trade, 571, 600 and 576; finance, insurance and real estate, 261, 265 and 263; nonprofessional services, 5, 8 and 5; and professional, educational and related services, 776, 727 and 764.

Government jobs totaled 1,149, down 595 from a year ago, with an estimated decrease of 430 by June. Included were federal, 942, 1,446 and 500; state, 27, 28 and 27; and local, 180, 181 and 192.

Paddlers Operations For Summer Planned

Paddlers Swimming Pool will open Sunday, May 30, according to an announcement by Jerry Range, president of the board of directors.

He said James Harsh has been named pool manager and Jeff Spector will serve as swimming coach.

Mrs. LaVenka Meyer, membership chairman, submitted the names of stockholders which were approved for membership.

They are Mr. and Mrs. Richard Branding, Mr. and Mrs. Arnold Fleishman, Mr. and Mrs. Herman Apponey, Mr. and Mrs. Nolan Simpson, Mr. and Mrs. Richard Votoupal, Mr. and Mrs. Jerome Troeckler, Mr. and Mrs. John St. Ivany, Mr. and Mrs. Robert Harris, Mr. and Mrs. Henry Mann, Mr. and Mrs. Charles Szczepanik and Mr. and Mrs. George Petrunich.

The next board meeting is scheduled for May 18.

\$50,000 Suit Filed

A \$50,000 suit has been filed in Edwardsville by Violet Boyer against Victoria Kent, both of Granite City, as the result of an accident in which Mrs. Boyer's husband, Ronald D. Boyer was killed.

Mrs. Boyer's motorcycle collided with the Kent auto on Nameoki Road near Clark Street Aug. 16. The suit charges negligence.

PTA Delegates to Request Emergency School Funds

A resolution requesting emergency funding by the Illinois state legislature to local school districts and tax-supported institutions will be introduced by area delegates at the 60th annual convention of the Illinois Congress of Parents and Teachers, Mrs. Mary Jousse of Granite City, ICPT District 29 legislative chairman, said today.

The state PTA conference will convene Thursday morning at the Conrad Hilton Hotel in Chicago, with more than 3,000 delegates registered to attend representing nearly 550,000 members in PTA units in Illinois.

The resolution seeking emergency funds from state sources to compensate for losses to school districts during pending litigation on the unconstitutionality of personal property tax as applied to corporations was developed Thursday evening at a convention pre-session.

The mock convention, held at Grigsby Junior High School, was devised to acquaint District 29 delegates with convention issues and procedures. Mrs. V. J. Braider, a past state PTA president, served as moderator.

An attempt to introduce the resolution concerning emergency state funding will be made by District 29 delegates who represent PTA units in Madison, Jersey and Calhoun counties. Mrs. Jesse said. The proposal was strongly advocated at the mock convention by delegates from the Alton area, she noted.

Serious financial difficulties are anticipated by school districts should the corporate personal property tax ruling be upheld, and during long-term litigation proceedings, the legislation officer said.

Growing Post Corp. Shows Earnings Gain

Post Corporation earned \$24.675 in the first quarter of 1971 compared with \$24.175 a year ago, it was reported Saturday in Appleton, Wis.

Pre-share earnings for the first quarter were 27 cents compared with 27 cents a year ago. Revenues for the first quarter were \$3,046,712, compared with \$2,670,253 in 1970.

Major factors causing the improved earnings, President V. J. Minahan said, were a 150% increase in the profits of the Star Insurance Corp., the opening in March of a new Gimbel's department store in Appleton, which increased advertising income in Post's Appleton newspaper, The Post-Crescent; and increased national advertising volume at the firm's four television stations.

Also, Minahan pointed out, Post's two 1970 acquisitions, the Granite City Press-Record and INRECO, a Los Angeles insurance brokerage firm, together contributed pre-tax earnings of over \$75,000 to first-quarter earnings. Neither firm was owned by Post during the first quarter of the year.

Minahan cautioned that the first quarter never had been a barometer of Post's business for the year, but added that if trends experienced during the first quarter continue through the year, the company should continue to show increases through 1971.

MORE ABOUT Foreign Intrigue

Illinois on Friday morning, Silverberg resides in Brussels, and was in the U.S. to study Illinois facilities to promote when he returns to Europe.

At 2 p.m. Friday, the Soda Ash Mission arrived here from New York to tour the port facilities. The group was composed of Japanese industrialists and their hosts.

Members of the mission were Tatsuo Uneyayashi, managing director of the Asahi Glass Co., Ltd., Tokyo, team leader; Noriaki Matsuo, manager of the survey section of the Japan Soda Industry Assn.

Seichi Yamamoto, manager of sales planning for the chemicals department of Tokuyama Soda Co., Ltd., Kazukiko Sakamoto, manager of sales control chemical operations of the Toyo Soda Manufacturing Co., Ltd.; Masahiro Ienoshita, chief of sales planning section of the chemicals department of Central Glass Co., Ltd.

Tatsuo Mushi, assistant manager of the chemical sales division of the Asahi Glass Co., Ltd.; Minoru Aoyama of Toyo Soda in New York; and Yuki Hashimoto of Tokuyama Soda in New York.

They were accompanied by Doug Catter, marketing manager of the Soda Ash Chemicals Division of the FMC Corp.; R. J. McGarvey, international division, FMC; Harold R. Fischer, chairman of the Tri-City Regional Port District; Ed Anderson, general manager, Bulk Service Corp.; and Carl Ranft, general manager, Tri-City Regional Port District.

The tour was conducted by the Japan Soda Industry Association and was hosted by the FMC Corp.

Port facilities, including the new warehouse near the canal, were visited. The tour began on a fertilizer barge which was being unloaded and followed the commodity through the unloading to storage in the warehouse.

After touring the port, the group was shown the U.S. Army Corps of Engineers locks nearby.

From here the group will fly to Wyoming to study soda ash mining operations and they will tour portions of California to study ocean port facilities before returning to Tokyo.

Mrs. Antonie Fries, Fomer Resident, Dies

Mrs. Antonie "Peggy" (Jusa) Fries, 86, of 1233 Mead Drive, St. Louis, died at 1:20 p.m. Saturday at Jewish Hospital, St. Louis, where she was a patient three days. She was ill for a week.

Born in Yugoslavia, she lived in St. Louis 18 years and formerly resided in Mitchell. She had been employed as a housekeeper for Rev. Timotheus Church in Mitchell.

She was a member of Our Lady of Good Counsel Church in St. Louis and the Greater Beneficial Union of Granite City. Her husband, Joseph Fries, died in 1946. She is survived by a daughter, Mrs. Roland (Anna) Mertz of St. Louis, and a sister, Mrs. Joseph (Anna) Benal of Collinsville.

An obituary notice appears elsewhere in this issue.

Rites Held Today For Buehrer Infant

Funeral services were held today for David Gene Buehrer Jr., 2-day-old son of Mr. and Mrs. David (Patricia) Buehrer, 5200 Nameoki Road. He died at 9 a.m. Sunday at Cardinal Glennon Hospital, St. Louis. Also surviving is a 3-year-old sister, Susan, and grandparents, Mrs. Martin Buehrer and Mr. and Mrs. Joseph Ignatz, all of Granite City.

Arrangements are given in today's obituary column.

Dixon Urges Limitations On Claims Against State

State Treasurer Alan J. Dixon called Friday for legislative action "to protect Illinois from uncontested claims and unlimited judgments against the State," which would be permitted after next Jan. 1 under the new State Constitution.

The charter approved by voters in November, 1970, abolishes sovereign immunity in Illinois, opening the way to citizens to sue the State in any of the State's 102 counties, and with none of the limitations on damages that now exist.

The General Assembly re-enacted the specific right to enact limitations and Treasurer Dixon urged in a news conference that such action be taken immediately. "By renewing the status of Illinois' time-tested Court of Claims,"

Such legislation, he noted, would continue protection for the State, both in terms of the number of claims brought and the size of judgments rendered. At the same time, Dixon said, "it is an equitable means of providing citizens the opportunity for redress of wrongs on the part of government."

Face Budget Problems
The treasurer pointed to Illinois' current fiscal crisis "in which we are faced with the eminent threat of an out-of-balance budget," and with increasing demands on already limited revenue resources.

"This is no time to chance the crisis our neighboring State of Indiana is facing," he

warned. With sovereign immunity recently removed there by the Supreme Court, the first two judgments have been rendered through Indiana's regular courts—and total \$550,000 with another 84 cases already pending.

Treasurer Dixon was for 20 years a member of the Illinois General Assembly, serving most recently as Senate Minority Whip. He noted today that this State has been a recognized leader through 54 years' experience with the Court of Claims, achieving a decent balance between private and public equities.

It is because of the many and varied duties of government, he said, in law enforcement, care of mental patients, keeping of prisons, control of communicable diseases, traffic control and the maintenance of highways, parks, and public institutions, that some means is needed to limit the risks inherent in government.

Without controls over the amount of damages and a way to centralize handling of law against the State, Dixon said, "no realistic State budget could be drawn and the operation of government itself would be jeopardized."

The treasurer said his chief concern is "that action be taken now while time permits thoughtful consideration, rather than risk a crisis after the abortion measure becomes effective next January."

Union Officers to Study Strike Aids

Special training sessions to enable local union officers of the Communications Workers of America help members obtain strike aid in case of upcoming talks with Southwestern Bell Telephone fall began Friday for leaders in Eastern Missouri and the Greater St. Louis area. D. L. McCown, vice-president, CWA District 6, announced.

District 6, with headquarters in St. Louis, represents 79,000 Bell System employees in Missouri, Arkansas, Kansas, Oklahoma, Texas and part of Illinois.

The multi-million dollar fund, created to protect the economic interest of members of the union during periods of prolonged strike action, has been built up over the years by a contribution of 50¢ per member per month. CWA today represents over half a million workers in the Bell System and in other areas of the American economy.

On-Site Hearings Set
By Zoning Board
The Madison County Zoning Board of Appeals will hold two on-site public hearings in the area on May 6 on petitions for variation and special use permits.

A hearing is set for 10:20 a.m. on the petition of the City of Madison and the National Advertising Co. for a variation in sign height and area requirements near the old Chain of Rocks Bridge and the Levee Road.

It will be followed at 11 a.m. with a hearing on the petition of James Haynes to place a mobile home in an R-4 single-family residence district on the corner of Roosevelt and Watson streets in Eagle Park Acres.

GCHS to Host District Tennis Tourney May 15

Granite City High School will host one of 30 district tennis tournaments on May 15 leading to state finals on May 28-29 at the University of Illinois.

In addition to the local school, entries will be from Alton, Be-thalto, Collinsville, Edwards-ville, Jerseyville and Roxana.

Another district meet at Belleville East High School will have entries from Belleville East and West, Ashoka, Co-lumbia, Assumption and O'Fal-lon.

Each school may enter two singles and two doubles teams. The first and second place win-ners in the singles and doubles will advance to the state finals. Evanston was last year's win-ner, with Libertyville as run-ner-up.

Tri-City Granted NASCAR Go May 15

Officials of the Tri-City Speed-way have announced that fi-nal arrangements have been made for a National Association for Stock Car Auto Racing (NASCAR) tour event here May 15.

The NASCAR drivers will be-gin the tour May 6 at Nash-ville, Tenn., continue on to Springfield May 9, will race at Lake Hill Speedway in Valley Park, Mo., May 12 and will complete the tour here with a 150 lap (75 mile) grand cham-pion event.

There will also be two five-lap heats and a trophy dash that afternoon.

Highland Wins Meet

Powerful Highland dominated their home quadrangular meet Thursday afternoon with 78 points as Highland finished in second place with 63. Triad had 54, and Madison finished with 29½. Madison failed to place in the top two in any of the events.

GCHS Sophs 1st In Alton Relays

The Granite City sophomore track squad did the near im-possible Thursday as they downed the powerful Alton Sophomores Relays.

Alton is considered a prime contender in the varsity bracket for the state championship this year. Warrior Coach Don Miller mustered all of the power he could and put it on the sopho-more squad to make the upset possible.

Granite City finished the events with 23½ points while Alton trailed with 77. East St. Louis had 50, East St. Louis Lincoln 32, Soldan 29, Belleville West 24½, Edwardsville 20, Collinsville 12 and Belleville East 6.

The Warriors took first place in five events and tied for a first place in the 440-yard re-lays.

Bob Kratz set a new Alton Relay record in the pole vault with 12 feet 4 inches. Howard Bryant won the two-mile run in 9 minutes 53.6 seconds and Greg Becker won the 100 yard dash in 10.5 seconds.

The Granite City distance medley team was also suc-cessful with Kirk Hulse running the

quarter-mile, Dan DeRuntz in the half-mile, Mark Loftus in the three-quarter mile and Howard Bryant in the mile run.

The Warriors swept the first three places in the decus throw as Brad Hiles threw 148 feet, 9 inches. Gary Asadorian fol-lowed with a throw of 139 feet, 5 inches and Brad Weiss threw 122 feet, 7 inches, for third place.

The 440 relay team fought to the tape with the East St. Louis squad but officials were un-able to determine who broke the tape and a tie was de-clared.

Warriors were Becker, Wil-liam Arnold, Dave Macious and Doug Roy. Time of the relay was 46.7 seconds.

A second place for the Gran-ite City team came from Hiles in the shot put, and Macious tied for second in the pole vault. The two-mile relay team of Mark Loftus, Clay Winfield, Dennis Cruise and Bruce Bar-ger took second in that event, and Becker, Arnold, and Rich Schooley were on the second-place 889-yard relay team which came in second.

MISSED SIGNAL VICTIM. John "Champ" Summers of Southern Illinois University-Southwestern is tagged out in Friday's game with the University of Missouri, St. Louis. The batter missed the signal to bunt and Summers, who had tripped, was caught like a sitting duck attempting to reach home.

Cougars Take Southwest State In Twinbill by 7-3, 10-2

Bill Rowe, coach of the South-east Missouri State College baseball Bears, appeared in shock Saturday afternoon after his team had been battered by Southern Illinois University-Southwestern, 7-3 and 10-2.

The pair of victories ran Roy Lee's Cougar record to 14-6, while Southwest is now 14-8.

Over three years of competi-tion, SIU-SW now has a 5-1 advantage between the two schools. This is the fourth year of varsity play for SIU-SW.

Shaking his head in disbelief, Rowe added: "SIU-SW has the personnel to win the NCAA col-lege division national title this year. . . in fact, they were very close to it last year."

Missouri was the host to the na-tional NCAA championship play-offs at Springfield last June. "SIU-SW beat us twice last spring in Springfield and I was sure that they'd be back for the finals," Rowe said and con-cluded: "I'm sure that the in-jury to Dan Cole in the Mid-East Regional was the only

thing that kept them from mak-ing it." Cole led the Cougars in hitting last year with a .389 average.

Comment on Pitchers

Rowe had a further very com-ment on the two pitchers who beat his team Saturday at Ed-wardsville. "When SIU-SW came to Springfield last year we just knew that Coach Lee would throw his two senior veter-ans at us, Bruce Thompson and Don Pross. But he didn't. He started Don Rains and Steve Malone, both sophomores. Rains shut us out, 4-0, and Malone beat us, 4-1."

In Saturday's leadoff game, Malone turned back the Bears, 7-3, on five hits while fanning 10 in the seven inning game.

In the final, Rains hurled a shutout for eight innings and finally won, 10-2, scattering five hits through the first eight frames. Malone is now 5-1 and Rains is 4-1.

Southwest jumped out to a 3-0 lead against Malone, scoring in the fifth, sparked by a two-run homer in an attempt to stop the Cougars' 16-hit attack.

Two-Run Homer

Cole continued his hitting comeback in the second game, racking up three hits in four trips, including a two-run homer. Denny Schutzenhofer, Cougar captain and second baseman, took over the hitting leadership by going 4-for-8 in Saturday's two games. He's now hitting .351, overtaking Mike Allaria, who fell to .341. Sum-mers, who is ninth in the na-tion in home runs, upped his batting average 20 points over the three games, going from .250 to .270. Pilcher did even better; he jumped from .308 to .333.

Lee made no attempt to hide his pleasure, but was still a little cautious: "We have three tough games this week, Wash-ington U. will be here Thursday for a single game and we'll have two hard ones at Rolla, Mo., against the University of Missouri Miners on Saturday."

When pressed, however, Lee did say: "We could go all the way."

Amati's Sprinter Wins Close Feature

Chuck "The One-Armed Band-it" Amati, Greenfield, Tenn., was the first to take the check-ered flag in the super sprint feature race Sunday at the Tri-City Speedway after a colorful 20 laps in which the lead changed hands several times.

The race was the last Sunday afternoon race until October.

The weekly races will be held under the lights Friday nights until the weather turns too cold to permit night racing. The gates will open at 6 p.m. Fri-day, warm-ups will start at 6:30 and the first race is slated for 8 p.m.

Amati, in his purple and white 44 sprinter, was forced to share the lead several times with Bill Utz, Sedalia, Mo., and Russ Hibbard, Slater, Mo., in the close feature race.

Utz was the winner of the first heat and Amati was the victor in the second heat which placed him side by side in the front row for the feature. Jim-my Moughn, Springfield, win-

ner of the third heat, started in the second row but was never a serious contender for the lead.

Hibbard moved from the third row into contention for the lead during the first lap of the 20-lap race. At the checkered flag he finished second and Utz was third within a few car lengths of Hibbard.

Bobby Stanton was the cham-pion of the afternoon in the late model stock car division as he started from the pole position and rode a slippery, dusty path to victory.

Stanton, of Alton, was fol-lowed over the finish line by Blackwell's 901 stocker and Howard Ryder finished third.

Stanton won the first heat and Bill Meyers, Rosewood Heights, was the victor in the second heat. Meyers was the feature

Trojan Power Fails In 16-0 Triad Win

Garnering only one hit off of hurler Kent Herzog, Madison High School's Trojans bowed to Triad 16-0 in a baseball game played Thursday at Madison.

Herzog's no-hitter was spoiled when Trojan pitcher Bert Thompson got a safety in the fourth inning.

Courtney Prothro again proved to be a bright spot in the Trojan lineup as he trans-ferred from the catching po-sition in relief of Thompson in the fifth inning and threw three straight strikeouts. Rich Harper gathered in the strikes behind the plate.

The game came to an end after the fifth game as Triad crossed the plate with single runs in the first and second

innings, six in the third and eight in the fourth and the 10-run lead rule went into effect.

Madison committed nine er-rors during the game while Triad, with nine hits, was flaw-less on the field.

The Trojans will host Western Military Academy of Alton to-morrow and will travel to Beth-alto for a game Wednesday.

Khoury League Registration Set

Boys planning to play in the Madison-Venice Khoury League are to register in advance this year, according to Bob Rogers, Khoury League commissioner.

Two registration dates have been set at the Madison Re-creation Center between 10 a.m. and 2 p.m. May 1 and May 8.

Boys are to present proof of age and \$3 registration fee at time of registration.

"It is important that every-one register in advance this year," Rogers said. "Boys will be given five decals that they may sell to get their \$5 back."

Warriors Win 4 of 5 Ball Games During Week End

Granite City High School's baseball Warriors won four of five games during the weekend to give them an overall 12-8 record and 4-4 in the Southwestern Conference.

They took a day night conference double header Thursday at Edwardsville, 3-2 and 12-7.

The Warriors dropped a non-conference game Friday on their home diamond against Riverview Gardens 9-5.

The Warriors won another twin bill Saturday 10-0 and 12-2 against St. Louis U. High, played on the GCHS diamond.

In Thursday's conference game the Warriors were down 2-0 in the sixth when Bill Parks' single tied the score, driving in Don Harris and Mike DeRuntz. Parks was 2-for-4 at bat against Edwardsville in the first game.

Safe on Errors

In the seventh inning Warriors Steve Burdge and James Forrester made the base paths on errors.

Steve Arbelter then sacrificed, Harris walked to load the bases, and DeRuntz then singled.

Warrior hurler Vic Reznack went all the way on the mound for a win, striking out seven Tigers and walking four.

In the second game, two grand slam home runs gave the Warriors the measure.

Parks got the team off to a good start with his grand slam

in the first inning, and Harris blasted another in the sixth frame.

Slay Relieves

David Slay got the credit for the win as he relieved Ned Tapp on the mound in the fourth inning with the score tied 5-5.

Forrester was on base all day against Edwardsville as he was 3-for-5 at bat, not counting two walks.

GCHS had five runs, six hits and four errors, while Riverview made nine runs, 12 hits and two errors in the Friday contest.

The Warriors had the lead in the fourth and fifth innings but the pitchers could not hold it.

Riverview scored four big runs in the last inning.

Harris was two-for-two at bat, and Parks was one-for-one. Parks' only hit drove in two runs.

Lead All Way

Ray Hoffman came in to pitch in the sixth inning and was charged with the loss.

The Warriors led St. Louis U. High all the way Saturday except in the top half of the fourth inning.

The Warriors scored three runs in the first inning, two in the second and five in the fourth. St. Louis scored four in the third, three in the fourth and two in the fifth.

GCHS had 12 hits and four errors as St. Louis was held to

four hits and was charged with one error.

Forrester scored in the first inning on a single by DeRuntz who along with Harris scored on a triple slammed by Parks.

The Warriors had fourth inning started off with the pitcher and Forrester getting free rides to first.

Jack Scarbrough then singled, driving home Stanton and Forrester. Harris and DeRuntz both singled, followed by two strike outs, then Arbelter and Burdge singled.

Harris was four-for-four at bat, and DeRuntz drove in three runs. Stanton was the winning pitcher.

The 10-run rule went into effect in the sixth inning of the second game against St. Louis as the Warriors won 12-2.

Sophomore Randy Surdewant pitched for the first time in varsity ball for the Warriors, had four strike outs, allowed three walks and held St. Louis to seven hits.

Warriors Parks and Burdge were each three-for-three at bat and Joe Wallace was two-for-three, driving home three runs.

The Warriors scored six runs in the third, five in the fifth and one in the sixth. St. Louis scored two runs in the fifth inning.

Beginning today at Columbia the Warriors play every night this week.

Jr. Sports Jamboree Saturday

Madison and Venice boys and girls between 10 and 15 years of age may compete in the local segment of the Illinois Junior Sports Jamboree at 1 p.m. Saturday at the Venice High School athletic field, Al Delay, chairman, announced today.

The Madison-Venice contest will be sponsored by the Granite City Jaycees. Competition

for Granite City youngsters will take place at a later date, Delay said.

Students planning to compete in the field and track events are required to submit a permission slip signed by a parent or guardian at the time of registration Saturday. Delay advised. Permission slips may be obtained at the various schools this week.

Warrior Netmen Win 9th Straight

The tennis Warriors of Granite City High School defeated Champaign 8-1 here Saturday and blanked Edwardsville 5-0 on Thursday to give them a 9-0 record for the season.

Warriors winning singles against Champaign were Mike Gaines 6-1, 6-2; Joe Papes 6-1, 6-2; Rich Gaines 6-0, 6-2; Duane Parrish 6-0, 6-2; Gary Loy 6-3, 6-0. John Blatter lost his singles event 6-8, 6-2, 4-6.

Winning in the doubles were Mike Gaines and Papes 6-3, 10-8; Gaines and Loy 6-2, 6-2; and Parrish and Blatter 6-4, 6-4.

Against Edwardsville Gaines scored two 6-0 sets in the first singles.

Papes won in the second singles match 6-1 and 6-0 and Richard Gaines took the third singles set with scores of 6-0 and 6-2.

In doubles play Duane Parrish and William Christopher won 6-2 and 6-1 and Robbie Parmley and Gary Loy took a difficult three-match set of 6-4, 4-6 and 6-4. Assumption plays here Wednesday.

Warriors Place 2nd On Track At Matton

The Warrior trackmen of Granite City High School finished in second place Saturday in the 12-school Mattoon Track Carnival after breaking three meet records.

Dectaur MacArthur was the champion with 68 points and Granite City accumulated 62. Rantow claimed their place with 50 points and Stephen DeCatur was only one point behind for fourth.

Other schools and their points Saturday were: Champaign

Central 41½, Mattoon 30, Danville 18, Decatur Lakeview 17, Champaign Centennial 17, Parkersburg 16, Decatur Eisenhower 8 and Springfield Southeast 3.

For the varsity squad Brad Hiles, Keith first, in the discus and Donnie Smith was second in the high jump.

The sophomore members contributing to the victory were Howard Bryant, who set a new meet record in the two-mile run (10:01.8) and Richard Schooley, who set a record of 21 second flat in the 180-yard hurdles.

The sophomore 880-yard relay team of Willie Arnold, Greg Becker, Doug Roy and Schooley also put itself in the record book with a time of 1 minute, 35.9 seconds.

Venice Drops Pair, 3 Games Carded

Venice High School hurler Danny Maurer struck out 11 batters, allowed only five hits and walked two, but still lost to Marissa 3-2 Friday after the local Red Devils were blanked by Freeburg 9-0 Thursday.

In the first inning the Devils loaded the bases with no outs when Jim Ohlendorf hit a line drive to the shortstop who picked off the man at third in a double play. Eddie Smith singled to drive in Ray Mosby.

The only other Devil run was scored in the sixth inning with two out when Conrad Gardner singled and then freshman J. B.

Harmon tripled over the right fielder's head. Harmon died on base as the pitcher Maurer filed out. Venice is now 0-5.

"We played a terrible game at Freeburg," Coach Bob McKinney remarked. "They scored in about every inning, and we helped them with eight errors."

The Red Devils were held to one hit, that by pitcher Cedric Gardner. Jim Ohlendorf worked behind the plate. Freeburg collected eight hits.

Venice hosts Livingston today and Valmeyer Wednesday and will travel to Marissa for a game on Friday.

The Drug of Greatest Abuse

For millions of people, use of a very common, readily available drug can mean going insane or can cause early death unless they completely and forever abstain from its use. The drug is alcohol and the disease is alcoholism. For most people it is a minor problem, but for these others their body cannot cope with it.

Alcohol can also react with many other common prescription drugs to produce very severe side effects. If you are cautioned by your doctor not to drink with a medicine, this could be the reason and you should not disregard this advice.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Hospital Needs Baby Photos for Display

Each baby has a personality all its own, but the babies whose pictures will be featured in the new maternity wing at St. Elizabeth's Hospital during Hospital Week, and then become a permanent display in the new maternity wing have one thing in common—they were all born at St. Elizabeth's. The request for pictures continues this week. Baby pictures of either new borns or infants are requested by the hospital to be used as a display for National Hospital Week. They should be received by Monday, May 3, be clearly identified with the child's name and birthdate, and sent to the hospital in care of the public relations department.

Although the photos cannot be returned, hospital official promise they will give the hospital's usual "tender loving care."

Amsted Income Up For First Quarter

Amsted Industries has announced it had net income in the quarter ended March 31 of \$1,697,000, or 62 cents per share, up from \$1,507,000, or 58 cents per share in the same quarter of 1970. Sales were \$65,315,000 compared to \$66,494,000 a year ago.

Joseph B. Lanterman, chairman, and Golf Smith, president, reported that "The decrease in sales from the March quarter last year was a composite of a decline in shipments of industrial products attributable to the low level of the general economy and an increase in shipments of railroad products, particularly steel wheels for freight cars in this country and Canada."

Net income amounted to \$2,695,000, or 98 cents per share, in the six months ended March 31 compared to \$3,390,000, or \$1.22 per share, in the same period last year. Six-month sales were \$130,897,000, down slightly from \$131,464,000.

MADISON WORK PROGRAM for youth is initiated in meeting of Madison city department heads, representatives of the Neighborhood Youth Corps and Mayor Mike Sasyk. Clockwise around table, beginning at left, are John Kopchak Jr., recreation director; Meredith G. Mullen, city comptroller; Robert Linksvayer, NYC unit supervisor; Miss Florinda Brown, NYC work advisor (partially hidden); Mayor Sasyk; Stanley Krakowicki, alderman of the Third Ward; Frank Dutko, chief of police, and Elmer Smith, superintendent of streets.

Madison to Sponsor NYC Summer Work Program

The City of Madison in cooperation with the Neighborhood Youth Corps will sponsor a learn, earn and serve program for Madison youth that will be known as the Madison Youth Program.

The program is designed to assist young men and women between the ages of 16 and 21, from low income families, who are unemployed and who need work and experience to continue their education.

Applications for employment may be obtained at the Madison Service Center, 145 Madison Ave.

Proof of age and family income must be presented. Eligibility is based largely

on family size and family income.

In a family of one the income cannot be more than \$1,900 a year; a family of two, not more than \$2,500; a family of three, \$3,100; a family of four, \$3,800; a family of five, \$4,400; a family of six, \$5,000; a family of seven, \$5,600 per year.

Youths enrolled in the program will work a 20-hour week and will be paid at the rate of \$1.60 per hour.

Applicants are advised to be sure they qualify according to the size of the family and income limits, as these will be the main factors of selection.

Purpose of the new Madison Youth Program is to encourage students to remain in school, and to give these youths an opportunity to develop a greater sense of self confidence by providing opportunity for participation in work that is in the public interest.

The program is being funded by the federal government and will last for ten weeks, beginning June 13.

Completed application forms should be mailed to the Mayor's Office, Madison City Hall, Madison, Ill. 62260.

License Issued

A marriage license has been issued in St. Louis to David L. Hannah and Audrey E. Lindsey, both of Granite City.

Open Kindergarten Registration Today

Parents who have children ready to enter kindergarten in September were reminded that registration at various elementary schools in Granite City will begin today at Namecki, Niedringhaus, Webster and Emerson schools. Other registration schedules:

Tuesday at Logan, Marshall, Mitchell and Lake schools.

Wednesday at Maryville, Stallings and Washington schools.

Thursday at Frohardt, Parkview, Wilson and McKinley.

Hours for registration at all schools will be from 9 to 12 in the morning and from 1 to 3 p.m. on the designated day.

A birth certificate or other legal document should be presented at the time of registration and must be presented before actual attendance can begin in the fall. Physical and dental examinations required by the Illinois law also must be completed for opening day of school. Forms are distributed at the time of registration.

At Hospital School

Navy Hospitalman Robert J. Miller, son of Mr. and Mrs. Fred D. Miller, 2505 Hemlock St., is attending the 14-week Hospital Corps School at San Diego. Before entering the service, Miller attended the St. Louis College of Pharmacy, St. Louis.

Seminar Here May 1 On Drug Awareness

The Granite City board of Education has approved a drug awareness seminar entitled "Drug Abuse"—A Complex Problem—to be held on Saturday, May 1, at the high school cafeteria.

The program will begin at 9 a.m. and will end in mid-afternoon after a one-hour pause for lunch. Arrangements for lunch will be an individual matter. There is no attendance fee for the seminar.

Purposes of the program are:

1. To make interested citizens aware of the complexity of the drug problem both nationally and locally.

2. To demonstrate the serious concern of the school toward drug education for youth.

3. To demonstrate the need for parental and community involvement.

4. To offer tactics to replace myths about the drug problem.

5. To offer student views about the drug problem.

Participating in the program will be Gerald W. Brown, assistant principal of Central Junior High and member of the National Drug Abuse Education Committee; Don Wolford of Belleville West High School, member of the National Drug Abuse Education Committee; William Skadden of the State Department of Mental Health; William Harris, a local juvenile officer; Donald Vaughn, local pharmacist; and a panel of area students.

It is hoped that the seminar will bring together members of the community to develop an awareness of the complexity of the drug problem.

13 Members Inducted By Moose Lodge 272

Moose Lodge 272 has enrolled 17 new members in ceremonies at the Moose Home.

The ritual degree team of Wood River Lodge 1349, consisting of Edward Hain, George Biv, Harold Tait, Douglas Dycus and William Evans, with William Baggett in charge, conducted the ceremony.

New members enrolled were Thomas Grimes, Edward Coland, Terry Earhart, John Earhart, Tony Donif, Charles Smith, James Tadlock, John Buhmann, Joseph E. Stern, John J. Buhmann, Dick Kismier, Charles Schwertman and Jerry Volecki.

A luncheon was served and music was furnished by the Starlighters.

May Draft Call Is Highest in 4 Months

Draft calls for young men from Madison County in May jumped to the highest level since January, and lottery numbers climbed to the highest numbers this year.

The May call is for 18 men to be inducted by the Quad-City board, 24 by the Alton board and 20 by the Edwardsville area board. The 62-man call for the county is lower than the 103-man call in January but far exceeds February's call of 42 men, 38 in March and 12 in April. Only three young men from the Granite City Board were called in April and only one was inducted.

MoPac Joins Railpac, 3 Routes Dropped

The Missouri Pacific Railroad has joined the ranks of those which will become a part of the National Railway Passenger Corp. (Railpac) when the nationwide service goes into operation May 1.

The railroad has announced that contracts joining MoPac to the Railpac system were signed and that under the contracts three passenger trains between St. Louis and Kansas City, Mo., will be discontinued.

Railpac will operate a through train between Kansas City and New York and Washington, D.C.

The highest lottery number that may be inducted in May is 125 and the top number for physical examinations is 175. In the April call the cut-off numbers were 100 for induction and 150 for physical examinations.

The number of young men called for physical examinations during May decreased slightly over the April call, as 91 were called from the county. These included 21 from the Quad-City area, 37 from the Alton area and 33 from the Edwardsville area. In April, 93 young men were called for examinations and 76 reported.

New Hospital Wing Records 1st Birth

The new addition at St. Elizabeth Hospital, not expected to become operational until late summer, already has recorded its first births. Appropriately, the newcomers arrived in the new wing's second floor maternity section.

Ron Earli, hospital architectural representative, said mystery surrounds the disappearance of a young mother cat and one of her four newborn kittens shortly after she gave multiple birth in the newly completed addition at the local hospital.

Hospital personnel discovered her hiding in the maternity wing of the new construction. "She never bothered anybody," Earli said, "she would show up about noon time and wait for bites of sandwiches and cake that the construction fellows would give her from their lunches."

Earli said three newborn kittens were found by St. Elizabeth employees, but the mother disappeared and spirited away the fourth kitten.

"The three she left were sent to an agency," the architectural representative said. "Too bad we don't know anything about the mother, but she wasn't what you call a good conversationalist. And, we had a definite language barrier. All she could say was 'Meow!'"

Divorces Granted 6 Area Couples

Six Quad-City area couples have been granted divorces in Madison County Circuit Court at Edwardsville. Divorced were:

Kathy Slaton, Madison, from Michael Slaton. They were married Aug. 22, 1969, and separated Sept. 12, 1970. Physical cruelty was charged. Custody of two children was granted to the mother and the father was ordered to pay child support of \$80 per month.

Ann Miller, Granite City, from Everett Miller. They were married May 17, 1962, in Steelville, Mo., and separated April 12, 1970. Desertion was charged. Custody of four children was granted to the mother and the matter of support was reserved.

Barbara Overton, Granite City, from Ray Dean Overton, Wood River. They were married May 23, 1964, and separated in March of 1967. Desertion was charged.

Kenneth A. Storbeck, Madison, from Audrey Storbeck, Newport News, Va. They were married May 26, 1970, and separated Feb. 2. Mental cruelty was charged.

Barbara Clevenger, Granite City, from Terry Clevenger. They were married April 20, 1968, and separated Feb. 2. Mental cruelty was charged.

Clementine Harrell, Madison, from Thad Harrell. They were married Sept. 15, 1969, and separated last June. Mental cruelty was charged.

Samuel Harned, 70, Dies; Here 54 Years

Samuel F. Harned, 70, of 1033 Reynolds St., Madison, a retired railroad employee, was pronounced dead upon arrival at St. Elizabeth Hospital at 9 p.m. Thursday. An inquest is pending.

A native of Island, Ind., he had resided in Madison for the past 54 years.

Mr. Harned had been employed as a car inspector for 44 years for the Norfolk & Western Railroad prior to his retirement in 1966.

He was a member of the Baptist faith and belonged to Masonic Lodge 835, Ainaid Shrine and Scottish Rite Bodies.

Surviving are his wife, Mrs. Eunice Harned; two sons, William S. Harned and Benjamin F. Harned, both of Madison; two daughters, Mrs. Lois L. Marshall of Lakewood, Calif., and Mrs. Mary V. Kammerer of Long Beach, Calif., and ten grandchildren.

Funeral services were held on Saturday. Details are given in today's obituary column.

Demo School Aid Formula Criticized by Speaker

Democratic sponsored legislation calling for an increase in State Aid to public schools "shows a complete lack of regard for financial conditions in the state," House Speaker W. Robert Blair said Friday.

Blair said the bills introduced in the Senate and having the support of Democratic leaders in both Houses, call for spending about \$47 million more than the Governor's budget recommendations without thought as to where the money would be found.

He said the Democrats are proposing a change in the formula for the allocation of State funds to local school districts, which would cost about \$802 million. The Governor's school aid program totals \$758 million, and includes an increase of about \$50 million compared with present payments to local districts.

The Democrats also are asking that additional money be allocated to districts on the basis of the number of children from homes of less than \$3,000 income, Blair said.

Method Unsatisfactory
"Experience in the Federal Title I program has shown that the allocation of funds on the basis of the number of students from low income families is a poor method of giving money to districts which need additional funds," Blair said.

He said he had his staff assistant on education, A. R. Evans, study this particular proposal for its merits.

Evans reports that "there is simply not a good correlation between a district's wealth and the number of disadvantaged children. The records show that some of the richest districts in the state qualify for Federal Title I funds on the basis of allocating money on the basis of disadvantaged children."

"For example," Evans continued, "Monticello, Dwight, Elkhart, Maple Grove (the state's wealthiest elementary district) and Joppa, which are some of the wealthiest districts

in the State on the basis of assessed valuation per pupil, all qualify for federal disavantaged funds."

Blair said Evans also reported that "High school districts under the present formula, by weighting 1.25 and adding 8 percent, actually have a foundation level of \$702. Changing the alternate method as recommended by the School Problems Commission, made up of some of the best minds in the state, have studied the problem of increasing State Aid for many years. They have spent many hours studying and hearing proposals and requesting various research projects should be supported," Blair said.

The Speaker said "the School Problems Commission, made up of some of the best minds in the state, have studied the problem of increasing State Aid for many years. They have spent many hours studying and hearing proposals and requesting various research projects should be supported," Blair said.

Saunders Attends Airport Meeting

Arven H. Saunders, executive director of the St. Louis Metropolitan Area Airport Authority, has returned from a meeting of the Illinois Airport Association in Springfield Friday. The meeting was addressed by Governor Richard B. Ogilvie.

The association is composed of administrators and managers of Illinois airports and met to discuss opposition to a bill pending state legislation that would dissolve the Department of Aeronautics and give its functions to the Department of Transportation.

Airport officials feel that the move would allow less money for airport improvement and the construction of new airports, Governor Ogilvie is supposed to be supporting the proposal.

Student Nurse First Male Elected to State Group

A Granite City youth who is training in a field almost totally devoid of male competition has achieved another first with his election to the office of recording secretary of the Missouri Student Nurses Association.

Michael R. Ridge, son of Granite City Police Officer and Mrs. Raymond "Mike" Ridge, 2805 Sunset Drive, presently is in his initial year of study at the Saint Louis Municipal School of Nursing, 1621 Grat-tan St., St. Louis.

He is the first male elected to serve on the executive board of the Missouri Student Nurses Association and the first student, male or female, to be named to the state group's governing board from the St. Louis nursing school.

Election and installation ceremonies for Ridge and his fellow state officers were conducted during the association's annual convention last week at the Lodge of the Four Seasons, Lake of the Ozarks, Mo.

The Granite City youth also was selected a state delegate to the National Student Nurses Association's convention, scheduled to take place May 9-12 in Dallas, Tex.

A graduate of Granite City High School, Mike, 18, was recipient of a \$300 scholarship award from St. Elizabeth Hospital Auxiliary. The grant was awarded to assist him in pursuing his studies in the nursing field.

Before entering nursing training, he served as a Candy Stripper at the local hospital where he contributed many hours of volunteer work to the patients and staff.

Mike was commended on his election to the state association office in a letter from Minnie Edythe T. Gore, director of Saint Louis Municipal School of Nursing. Mrs. Gore also noted that "great things are expected" from the student nurse.

The nursing training center was established under the City of St. Louis Department of Health and Hospitals through a merger of schools at Homer G. Phillips and St. Louis City Hospitals' Schools of Nursing, it was learned.

Spec. 4 R.W. Hamilton Gets Commendation Medal

Army Specialist Four Russell W. Hamilton, 20, son of Mr. and Mrs. Russell C. Hamilton, 4461 Highway 162, Granite City, has received the Army Commendation Medal while serving with the 864th Engineer Battalion in Vietnam.

The medal was awarded for meritorious service. Spec. Hamilton received the award while assigned as a carpenter in Company C of the Battalion.

Three GC Steel Employees on April List of Retirees

Three employees of Granite City Steel Co. are on the April list of retirees, including two Granite City residents.

They are George Ruffe, 1726 Cleveland Blvd., and Otto Luebbert, 2454 State St. The third man is Lester Melton of Millersburg, Ill. All had service of 20 years or more.

Ruffe retired at the end of March as machine shop tool attendant after 24 1/2 years with the company. He started with GCS in September 1946 in yard maintenance. He and his wife, Georgia, have no special retirement plans. However, Ruffe enjoys fishing, hunting, gardening and working around the house.

Luebbert retired at the end of April as pipe shop pipefitter after 23 years of service. He started with the company in yard maintenance in March 1948. He and his wife, Theresa, have two daughters. Luebbert says he doesn't have any particular retirement plans — just hopes to relax and take it easy.

Melton retired April 1 as yard maintenance welder after 20 years of GCS service. He and his wife, Faye, have two sons, a daughter, three grandchildren. They plan trips to Alaska and to Florida — the latter to visit his son, a Navy ensign stationed in Orlando. Melton will also do some fishing in Texas and at Carlyle Lake (which is near his home). In his spare time, he'll work in his shop at home.

At a meeting in the mayor's office Friday, Jaycee officials made their first sale of tickets for the Miss Granite City Pageant, scheduled to take place Thursday, June 24, at the Washington Theatre.

Tickets went on sale this week to the general public, Jan. J. Langenstein, pageant coordinator, reported. He announced also that Jaycee Bill Talley will serve as ticket chairman.

This year's beauty-talent contest will be combined with a lavish program of entertainment and the appearance here of Miss Judi Ford, a former

Miss Granite City to Serve as Jubilee Queen

The 1971 winner of the Miss Granite City crown will receive further recognition and honors this year, according to an announcement, made today by Mayor Donald Partney.

In addition to her participation in the Miss Illinois Contest at Aurora, the mayor said the new Miss Granite City will reign as queen of the community's 75th Diamond Jubilee celebration, representing the city at all jubilee functions and special events.

At a meeting in the mayor's office Friday, Jaycee officials made their first sale of tickets for the Miss Granite City Pageant, scheduled to take place Thursday, June 24, at the Washington Theatre.

Tickets went on sale this week to the general public, Jan. J. Langenstein, pageant coordinator, reported. He announced also that Jaycee Bill Talley will serve as ticket chairman.

This year's beauty-talent contest will be combined with a lavish program of entertainment and the appearance here of Miss Judi Ford, a former

Miss America, who will crown the new Miss Granite City.

Tickets for the pageant may be purchased from any Jaycee member or at First Granite City National Bank, Granite City Trust and Savings Bank, First National Bank in Madison, American National Bank, Graham's Book Store, State Radio and Television Store, Rose Bowl Restaurant and most area supermarkets.

The local young men's club still is actively seeking candidates to compete in the contest, with prospective entrants urged to contact Langenstein or a Jaycee member as soon as possible.

Hospital Names New Nurse-Coordinators

A new concept in nursing care with the nursing areas under the leadership of Nurse Co-ordinators will be instituted at St. Elizabeth Hospital when the new addition is opened for regular use, according to Donald Lenz, assistant administrator.

Lenz commented, "The hospital in keeping pace with the rapid changes in nursing trends has plans for a nursing co-ordinator to be responsible for two nursing units. The maternity department and surgery recovery will each be under direct supervision of a co-ordinator," he noted.

Lenz also announced the appointment and acceptance of registered nurses to the new positions. Five of these named are graduates of St. Elizabeth Hospital School of Nursing.

They are Mrs. Roberta Gerke R.N., head nurse on 1-West, medical unit; Mrs. Dorothy Kawula R.N., present head nurse of the pediatric department; Mrs. Frances Robbers R.N., head nurse on 1-Binney, medical unit.

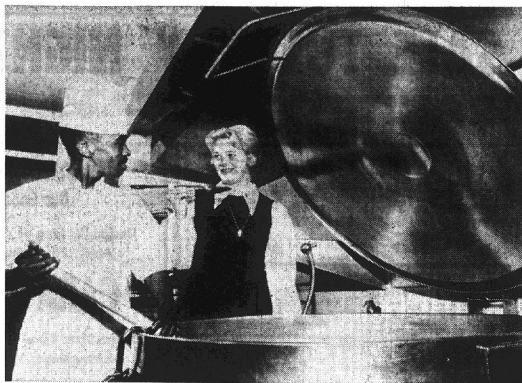

Mrs. Alberta Ronney R.N., supervisor of the maternity department, and Mrs. Shirley Wendel R.N., supervisor over the operating room, recovery room and Cysto suites.

Mrs. Iva Gooding R.N., a graduate of St. Mary's Hospital, Kankakee, is staff nurse on 1-Binney, medical unit; and Miss Barbara Mang R.N., accepted the position as Inservice Co-ordinator for the nursing department.

Miss Mang was graduated from SIU in 1969 and joined the St. Elizabeth staff the same year. She has served as staff nurse on the 1-West medical unit until her new appointment as Co-ordinator for Inservice Education.

Aboard Missile Frigate

Navy Petty Officer Third Class Myron L. J. Converse, son of Mr. and Mrs. Myron E. Converse, 2011 Delmar Ave., a d. husband of the former Miss Carol A. Reynolds, 2121 Missouri Ave., has returned to his hometown of San Diego aboard the guided missile frigate USS Halsey after a six-month deployment with the Seventh Fleet in the Western Pacific.

POLISH HAM SOUP was being tasted by Mrs. Frank Sobkowski from her mother's favorite recipe which will be served Thursday at the Slavic & East European Conference at Southern Illinois University-Southwestern. It is being prepared by chef Kenneth Lowman. With the soup Mrs. Sobkowski, wife of the dean of the School of Dental Medicine, serves kluski (potato noodles).

Slavic Conference Set Thursday at SIU-SW

The Slavic and East European Friends of Southern Illinois University will hold a Slavic and East European Conference Thursday at the SIU-SW campus.

The program will begin with a seminar from 4 to 6 p.m. with a seminar on source materials on Slavic and East European peoples in greater St. Louis in the Lovejoy Library.

It will be conducted by Prof. Stanley B. Kimball and Robert V. Allen, area specialist in the Slavic and Central European Division of the Library of Congress.

A conference dinner will be held at 6:45 p.m. in the St. Clair Ballroom of the University Center, and the annual meeting of the organization will be held from 8 to 9 p.m. with John Spiller, president, in charge.

Reports will be presented by Matt Klaric on membership; Mrs. M. J. Hill on publications; Charles Schweitzer on finances and Lou Cavie on a summer tambarizian workshop. Allen will address the group on "The Slavic Collections of the Library of Congress."

Entertainment and music will be provided from 9 to 11 p.m. Reservations for the dinner at \$4 and for the seminar are due today at the Lovejoy Library.

TOM WILKINS

Tom Wilkins Has Lead In 'Rags to Riches'

Tom Wilkins will appear as the hero, Mr. Ragged Dick, Esquire, one of the main characters in the forthcoming production "Rags To Riches" to be presented May 14-15 by the Starfinders Childrens Theatre group.

Directed by Henry and Ruth Lamb, the play will be given at Nameoki School auditorium with curtain time set at 7:30 p.m.

A 7th grade student at Coolidge Junior High School, Wilkins made his debut last summer in the East Bank Players production of "Gypsy" and will be remembered for his portrayal of Huck Finn in "Tom Sawyer," the previous show sponsored by the Starfinders group.

He is the son of Dr. and Mrs. George Wilkins, 1204 Twenty-seventh St.

William Sneedcor, sixth grade teacher at Frohardt School, is co-ordinator of the drama group which is sponsored by Frohardt School PTA.

Navy Recruiters Form 'Cardinal Company'

The Navy Recruiting Service now is accepting applications for the annual "Cardinal Company," a special group of recruits formed each year to represent the St. Louis area.

The company will form in August and proceed as a unit to the Naval Recruit Training Center, Great Lakes, Ill., for training.

All applicants must be high school graduates and enlisted in the Navy's Cadet Program prior to Aug. 1. Openings are available in all fields including electronics, nuclear power, aviation, medical, and others.

Interested individuals should apply as soon as possible at either of the three Navy Recruiting Stations serving this area, in Belleville at 21 N. First St., phone 234-5244; in East St. Louis at 650 Missouri Ave., phone 875-3050, and in Granite City at the City Hall, phone 871-9990, on Mondays only.

Venice School Board OK's Junior Sports Jamboree

The Venice Board of Education has granted permission to the Granite City Jaycees to sponsor a Junior Sports Jamboree at the Venice High School Athletic field, in which all Venice youngsters of eligible age may participate.

Saturday, May 1, was approved for the youth sports event, with May 29 set as an alternate date. Action on the Jaycees request was sought by Al Delay, an instructor at Venice-Lincoln Technical Center and Jaycee member.

The board also has granted a leave of absence from June 1 to Aug. 6 to Donald Davinroy, a Venice-Lincoln instructor, and authorized K. Duane Rankin, VLTC administrator, to attend a Commission on Adult Basic Education conference in Chicago, May 13-14.

Venice Supt. of Schools John O. Pier explained that expenses incurred by Rankin at the work-experience seminar will be reimbursed from state funds. A question concerning a pro-

posed call for bids from outside firms to provide custodial services in the Venice schools was raised by Board Member Fred Durer, Jr., who commented, "We have talked about getting bids on janitorial service several times and I believe we should do something about it now."

"Board members have inspected the buildings many times and we have all agreed something should be done to improve the situation, but we don't do a thing about it," Durer added.

Board Member Willie C. Johnson suggested a meeting between custodial staff members, school district administrators and board representatives. "We should explain the board's thinking on this matter and tell them exactly what we want and what we expect them to do before deciding to let the work out," he said.

A joint meeting to discuss custodial problems will be scheduled this week, Pier said.

Feminist Speaks Out For Women's Rights

"I'm not so interested in who people are willing to sleep with as I am in who they are willing to die with," Ti-Grace Atkinson told an audience at Southern Illinois University-Southwestern last week.

"The church is opposed to sex education—it's opposed to women in general, even though they don't say so," the feminist theoretician said. "And the American public is really underestimating the power of the church."

Asked why she favors abortion, the tall, long-haired blonde Ti-Grace said, "It's because I'm against millions of women being slaughtered by illegal abortion."

The former president of the New York chapter of the National Organization for Women

claiming every woman has full and sole rights over her body and its properties."

At SIU-SW she talked about the role of the oppressed and oppression. "People talk a lot about oppression," she said, "but they don't want to get down to defining it."

Married to Quaker
Miss Atkinson—who says she is married to a Quaker and who contends Quakers are not opposed to abortion—declared freedom to be the most expensive thing in the world. "Women's movement portrays woman and there isn't so much difference between those who are in the movement and those outside it. You have to understand you are a member of the class," she said.

"There's a lot of masquerading going on," she said. She called attention to one of her dissenters, Father Casimir Gieruch of St. Mary's Catholic Church of Bunker Hill, in the audience. "I know where he stands," she said. "He has on his suit and I respect him for it. He has a right to be heard." She did not confine her criticism of the church to any single group.

"In order to fight the ugliness in life you have to see it," Miss Atkinson commented. "Maybe all you see is ugly."

Unsure of Success
Miss Atkinson doesn't hold much hope for the success of the movement she so strongly champions. "I feel partly responsible for getting other women in this movement, and I'm not sure we'll succeed."

"The only thing the movement has done is give employment to agents—or paid pickets," she said. "You wouldn't believe how we've helped the unemployment problem."

"We (women) don't have the power to push men unless we push together," she concluded. "We have to do whatever we do for ourselves."

Dr. Leo Roman Named Health Coordinator

Dr. Leo A. Roman, Granite City Optometrist, has been appointed a Federal Health Program Coordinator for the State of Illinois, according to an announcement by C. A. Williamson, Director of Administrative Agencies for the American Optometric Association in Washington, D. C.

Also named to serve in Illinois was Dr. Gene R. Shaw, Decatur. Presently 34 state associations have appointed 56 federal program coordinators. Dr. Roman said, "The purpose of the federal system is to provide information to the state on federal programs involving optometry, to learn of state problems and to aid the states in solving them."

Dr. Roman is serving as a public health member of the Illinois Optometric Association and as president of the Southwestern Illinois Optometric Society. He also holds a national committee appointment as Optometric Chairman in the American Public Health Association serving in the Comprehensive Health Planning Section.

CUB PACK 28 HOLDS

'VAUDEVILLE NIGHT'

"Vaudeville night" was enjoyed last week by those who attended the April meeting of Cub Pack 28 at Parkview School. Cubmaster Ed Monahan welcomed the scouts and parents, and Kelly Corcoran, awards chairman, made award presentations.

The birthday of Tony Hackney was observed as all sang "Happy Birthday." Pack treasurer John Farrell gave a report, and announcements were made of possible summertime pack activities, which will be decided upon at the May committee meeting.

The cubmaster reminded everyone of the Scoutarama May 22 and of the May 15 Lewis and Clark trail walk.

Den Two gave a tumbling show entitled "The Flip Flips." Den three depicted joke telling in "The Story Teller." Den four recalled vaudeville music in "The Music Makers," playing hand-made rhythm instruments to the accompaniment of a recording. Den Five gave a "trained dog" act, tumbling show and ventriloquist show.

A "branding ceremony" welcomed a new scout, Ross Parmling. Refreshments were served by mothers of Dens Two and Three.

The next pack meeting will be May 10 and the committee will meet May 3 in the school cafeteria.

TEA WILL HONOR 1931,
1946 NURSING CLASSES

Sister Marce, president of the St. Elizabeth Hospital Nurses Alumnae Association, presided at the group's April meeting last week at the Venice Recreation Center. Mary Saukies opened the meeting with prayer, and Mrs. Georgia Harlow gave the treasury report.

Hostesses were Donna Fisher, Shirley Wendell and Alberta Rongey. Marietta Daniels showed pictures of her vacation in Colorado and Arizona.

The next meeting will be a tea May 11 at the hospital, honoring the nursing classes of 1931 and 1946. Martha Bischoff is chairman of the event and others working with her will be Mrs. Harlow, Sister Marce, Sis-

ter Pauline and Marietta Daniels.

Plans were discussed for the group to once again sponsor a hot dog and home-made cake booth at celebrations in Wilson Park. Mrs. Harlow will serve as chairman of the booth committee.

A rummage sale is planned for May 15 at Schermer's Garden Center. Those having items to donate are to call Mrs. Harlow at 452-5315 to arrange for pick-up.

Margaret Fechte reported on cards sent during the last month to ill members. Others present were Bernice Gushoff, Kathryn Delatoye, Robert Gerke, Sister Jerome, Helen Gages, Maxine Carson, Ann Klarich, Bertha Pace, Ruth Novacich and Carol Buenger.

REVIEW UNIT STUDIES

INTERIOR ACCESSORIES

The Isabel Review Unit, Madison County Homemakers Association, held its April meeting Thursday evening in the home of Mrs. Ada Kelly, 2819 Sunset Ave.

Co-hostesses were Mrs. Mabel Pendell and Mrs. Ruth Markel. They served a dessert course to members who were seated at trays. A rose motif service was used.

The Madison county home advisor, Mrs. Catherine Mauck, presented the night's lesson, "Accessories in the Home . . . Using What You Have." Her talk was supplemented by slides of the interiors of various Madison County homes, showing examples of refurnished furniture.

Mrs. Dorothy McCormack, chairman, conducted a business meeting. Reports were given and plans were made for seven members to attend the April 29 annual meeting of Madison County Homemakers Extension units at St. Louis. Those attending will be Mesdames McCormack, Myrtle Hickman, Thelma Ruppel, Helen Love, Leona Coss, Lucille Lipe and Lil Adams.

A nominating committee was chosen and will present a slate of officers to be voted on at the June meeting. Chairman of the committee is Mrs. Norma Jean Ross, and serving with her will be Mrs. Lipe and Mrs. Velma DeVine. The new officers will assume their duties in July.

Mrs. Ruppel will attend a local leader lesson on "Flower Arranging" at the Farm Bureau in Edwardsville May 19. She will teach the lesson to the unit at its June meeting.

Announcement was made of the Southwest District meeting May 27 at Principia College. Buses will leave St. Louis' United Church of Christ at 10:15 a.m. Reservations must be made by May 14 with Mrs. Myrtle Hickman.

Guests introduced were Mrs. Barbara Isaac, Mrs. Patricia Altman and Mrs. Helen of Salem, Mo. Others present were Mesdames Angie Brown, Daisy Corbett, Loraine Joshi, Norma McCormack and Mary Wiessborn.

In June, Mrs. Helen Love, 1724 Primrose Ave., will be the hostess.

'Christ in the Concrete City' To Be Presented by Collegians

A modern Passion Play, "Christ in the Concrete City," will be presented by students from Illinois State University and Illinois Wesleyan University at 8 p.m. Sunday, May 2, at St. Bartholomew Episcopal Church, 22nd Street and Grand Avenue.

In announcing the special program, the Rev. Wilbur L. Lear, rector of St. Bartholomew's, said the presentation

will be open to the public. No admission will be charged, however, a freewill offering from the students will be received in behalf of the student performers, the minister noted.

Under the direction of the Rev. T. Nicholas King, Episcopal chaplain at both Illinois State and Illinois Wesleyan universities, located at Normal, students who will perform in the play here include Charles McKelvey, Rick Roberts, Miss Jennifer Rumery, Miss Sandra Smolka, Don McKelvey and

Dan Sylvester. Technical adviser to the group is Romayne Gillen.

"Christ in the Concrete City" is a 20th century Passion Play which attempts to identify the Passion, Death and Resurrection of our Blessed Lord, Jesus Christ, with the cybernetic age, the Rev. King explained.

The style of the presentation is "readers theatre" in which the players and the audience portray the roles of Caiaphas, Pontius Pilate, the disciples and others.

To add another dimension to the performance, the SIU-IVU group has incorporated slides, showing various scenes of the day, and music taken from the current and popular "rock opera" Jesus Christ Superstar, the director advised.

The Rev. Lear said the play

will be presented in front of the St. Bartholomew Church altar. Immediately after the program, an informal social hour will be held in the parish hall, the rector added.

The local minister stressed the May 2 program is non-denominational and everyone in the community is invited to attend. Further information may be obtained by calling, 876-7245 or 876-8097.

Counseling Is Webster Topic

The Webster School PTA last week heard a talk by Miss Loreta Woolbright on counseling services offered at Webster this year.

The president, Mrs. Annette Scrum, gave a welcoming address and Brownie Troop 889, led by Mrs. Alice Arnold and Mrs. Carrell Siebert, presented the colors and led the audience in the pledge of allegiance and the scout promise. The unit gave the Lord's prayer in unison.

The secretary, Mrs. Eva Argobast, reported on the March meeting and gave a financial report. Mrs. Scrum said the membership more than doubled this year, with a 100% enrollment of faculty members.

A discussion was held on a volleyball game between the faculty and PTA unit members; a date will be announced later.

At the May 10 meeting, installation of officers for the 1971-72 term will be held. Those to be installed are Mrs. Shirley Tervasi, president, Paul Lingle, vice-president, Mrs. Peggy Herzog, secretary and Miss Mary Veloff, treasurer.

Mrs. Scrum encouraged the members to take part in a mock convention held Thursday at Coolidge Junior High, in conjunction with the 68th annual state convention in Chicago April 29-30 and May 1.

Mrs. Carmen Grider and Mrs. Doris Stetz, co-chairmen of the school picnic, announced that the annual event will be at Wilson Park, Shelter Five, May 6. Volunteers are needed to assist with the game booths, and anyone interested may contact the co-chairmen.

Principal Clyde Lee conducted the room count and Mrs. Marguerite Roddy's first grade class won the attendance banner and award. Mrs. Elizabeth Griffin won the evening's prize.

Mrs. Scrum introduced Miss Woolbright, counselor at Webster, who spoke on teamwork with the faculty in bringing the best possible counseling services to children. She noted that Webster offers such services through the federal Title I program.

Miss Woolbright commented on her various duties and reviewed how parents and children learn together for prevention of future problems.

Refreshments were served in the cafeteria by first grade room mothers under the direction of Mrs. Donna Jones, hospitality chairman, and Mrs. Cathy Lingle, room mother chairman.

MRS. MICHAEL D. TAPP, the former Marguerite Ward, who was married Saturday at Sacred Heart Catholic Church.

Tapp-Ward Nuptials at Sacred Heart Church

Sacred Heart Catholic Church was the scene of the wedding Saturday afternoon of Miss Marguerite Ward, a daughter of Mr. and Mrs. Joseph H. Ward, 2621 E. 27th St., and Michael D. Tapp, a son of Mr. and Mrs. Edwin Tapp Jr., 3147 Rodgers Ave.

The Rev. Joseph Enright performed the ceremony at 2 o'clock.

Music for the wedding was provided by Mrs. Catherine Crawshaw, organist, and Nedding Tapp, vocalist.

The bride wore a gown of silk organza, the bride's sister, Misses Deena Poulos and Pamela Blason, cousins of the bride and Mrs. Thomas Byrne, the bridegroom's sister, served as bridesmaids.

The attendants were dressed alike in A-line gowns of aqua, the Empire bodices trimmed with heavy lace. They were

styled with long sleeves accented with lace. Simple bows and silk illusion veiling formed their headpieces and they carried aqua carnations and white daisies.

Mr. Tapp was attended by Michael P. Thornton as best man, and Edwin Tapp Jr., a brother, David Messer, Larry Zotti, Richard Hampson, Thomas Byrne and Joseph H. Ward, a brother of the bride, as groomsmen and ushers.

Lydia King and John Rutledge served as flower girl and ring bearer. The former, in deep aqua, carried white daisies and aqua carnations.

The bride's mother wore a light blue dress, while the bridegroom's mother chose a brown and white summer print. The wedding reception was held at the American Legion Hall in Granite City. Mrs. Thomas Bearce presided over the guest book.

Mr. and Mrs. Tapp will make their home in Granite City. Both young people are graduates of the Granite City High School and the bride is employed by a St. Louis bank.

The bridegroom, presently a student at the St. Louis Municipal School of Nursing, also is employed at St. Elizabeth Hospital.

WHITTLE BY WHITTLE

A new contest, "Don't Break the Camel's Back," was begun by the Whittle By Whittle Club last week. The club leader, Mrs. Shirley Sobolewski, presided and Mrs. Sharon Bridick called roll.

Weights were recorded by Mrs. Jo Gipson and Mrs. Rosalie Bronnauer. Mrs. Ruth Hubbard gave a financial report. Mrs. Dorothy Donohue received a crown as "queen of the week," and Joyce Kopske was presented the "princess of the week" crown. A gift went to Mrs. Virginia Cotter.

A guest, Mrs. Vickie Petrillo, was welcomed and Pamela Broyles was presented a charm. A prize was won by Mrs. Frances Knobloch.

Mrs. Sobolewski reported on an officers' meeting held Sunday in Belleville, attended by all Whittle by Whittle officers. Leaders of the meeting were Mr. and Mrs. Ellis Hackney, area captains for Take Off Pounds. One of the topics discussed was the fall rally, set for October.

Mrs. Dorothy Donohue told of her weight loss program, and the meeting ended with prayer by Mrs. Thelma Pryor.

Pack 21 Hears Virtues Explained

The Cub Scout virtues—courage, bravery, justice, self-control, faith, hope and love—were used by Cubmaster Dale O'Beare in discussing objectives of the scouting organization, whose mission is to help today's youth face life successfully.

O'Beare, who heads Cub Pack 21, stressed the scouting objectives during a talk to parents and pack members at a monthly meeting Thursday evening at the Mission Recreation Center. Awards were presented to the parents of boys who have completed achievement requirements. Among those recognized were:

Doug Lawrence, two-year pin and gold and silver arrow points; Keith Layton, gold arrow point; Stephen Christ, wolf badge; Ronnie Graville, denner badge; Stephen Christ, assistant denner badge; Ronnie Gyzwacz, Barry Reynolds, Noble Berrong and Jimmy Freese, wolf badges; and Norman Miller and Robert O'Beare, engineer badges.

Advancement awards also

were made to Chuck Holland, Rusty Guldge, Jim Parrish and Doug Lawrence, all of whom were accepted into the Webelos Den, headed by George Layton.

Robert Noud discussed the Boy Scout camporee, set during the weekend at Beaver Dam, and a Scout-cram event at Willow Park May 21.

Three songs, "Be Sharp," "Cubbing Song" and "O Give Me a Pal" were sung by Mrs. Alma Berrong's Den 3 cubs, including Ronnie Gyzwacz, Jimmy Freese, Noble Berrong and Barry Reynolds. The boys accompanied themselves on home-made instruments.

Fifty persons attended the meeting which concluded with the pledge of allegiance.

Miss Trudy Byron To Give Recital

Trudy Byron of Granite City will give her graduate violin recital at the SIU-SW campus Saturday, May 1, at 8:15 p.m., in Lovejoy Library auditorium.

The recital is in partial fulfillment of requirements for a master of music degree which Miss Byron expects to receive in June.

Accompanied at the piano by staff pianist Betty Ruth Tomfohrde, Miss Byron will play "Concerto in A Minor," by Bach; "Five Madrigal Stanzas for Violin and Piano," by Bobuslav Martinu; and "Sonata in A Major for Violin and Piano," by Cesar Frank.

Assisting in the Bach number will be Mary Alice Jackson, viola and Jean Dexter, cello, both from Granite City, and Christopher Dietrich, Mary England and David Mazanec, harpsichord.

The recital is open to the public, admission free.

HOST CLEANS CARPET WITHOUT WATER—FEDER HUBER NIEDRINGHAUS & DELMAR

John Bilna, Volunteer Community Worker for better mental health stopped in The Bank to remind us that you are invited to attend an open house at the Alton State Hospital, May 2, from one to four PM.

"Mark down Friday, April 30th, eight PM as curtain time for the Venice High School Senior Class Play, "Finders Keepers" in the VHS auditorium. One dollar for adults, 50 cents for students.

Hats off to the Amvets Post 51 on their flag display project for Madison Avenue.

First Bank in Madison Tellers, Jane Taratagino and Carolyn Votaw spent last week helping to deliver Girl Scout cookies. Jane and Carolyn are the leaders of Troop 218 at the Central Christian Church. Know that both the Girl Scouts and the Boy Scouts are always in need of volunteer leaders. Have you thought of assisting?

Mrs. Fred Collett called to say that the United Methodist Church of Madison has invited teen age and adult guests from Indiana, Illinois and Missouri to present a "lay witness mission" at 7:30 PM on Friday and Saturday nights of this week and at the noon worship on Sunday, May 2. Everyone is invited to participate in this fellowship. Nursery service is provided.

Glad to see the Madison Rotary Club honor high school students who have been tutoring second and third graders in Math. Students who have voluntarily given a collective thousand hours to the project are: Robert Mangoff, Jim Shrader, Juanita Hand, Linda Wilson, Wanda Shelton, Debb Graville, Bonnie Wilmer, Janette Bryant, Barbara Brown, Patricia Steiner, and Debbie Holt. Most teen agers are great.

Remember if you have an item concerning your church or fraternal group you'd like included in the column call or bring it to The Bank. That will give you an opportunity to see the beautiful Wend Bend porcelain on aluminum cookware our depositors are buying at special bank customer prices. An automatic 9 cup percolator could be yours. Free stop in and ask.

Vocational Educational Program in GC Outlined

The Cooperative Vocational Educational program at Granite City High School was the topic of a program presented by Paul Mellich, co-director of the program, at the Granite City Optimist meeting Thursday.

He outlined the basic reasons for the program, stating it has been instituted for non-college bound students who have occupational needs, and it is the purpose of the program to meet this need.

Students are made aware of the occupations that exist, and they are given experience in a specific occupation so they can make a realistic career choice. Those enrolled in the classes work three hours a day at a training station in the community and receive the required academic subjects at school.

The program is fully credited for those who participate. The program is arranged for a one or two semester but can also be set up for one to four semesters. Employers cooperate in evaluating a student by grading them on specific points in outline record prepared by the school department.

Mellich urged more employers to participate in this program for the fall semester. Those interested may contact him at the high school.

Rev. Paul Surbey, president, presided at the meeting attended by 26 members. M. A. Wittevergel introducing the guest speaker.

Ted Ellerman will conduct a tour of the new addition of St. Elizabeth Hospital for the Optimist in lieu of their meeting next Thursday.

Madison Hosts School Lunch Dinner Meeting

Madison Community Unit School District 12 was host for the annual spring dinner and business meeting of the Madison County School Lunch Assn. Thursday at the Madison High School. About 275 members and guests attended.

The dinner was followed by the invocation by the Rev. Engelbert Bieneck, O.F.M., of St. Mary's Parish Madison.

The program followed with Mrs. Elma Flath, president, presiding. Fred A. Hildebrand, superintendent of Madison schools, gave the welcome address.

Guest speaker was Mrs. Margaret Robinson, consumers specialist department of U. S. Food & Drug Administration of Chicago. Also included in the program were students of Madison High School who performed in a talent show held under the supervision of Melvin Heiser.

The regular business meeting followed with roll call and the awarding of annual scholarships. Two cooks from Madison received scholarships, Mrs. Armenta Griggs and Mrs. Lucille Watson from the Blair School.

Mrs. Pat Garver, state president of the association, presided during the installation of the new officers.

New officers are Mrs. Gladys Aubrecht, Edwardsville; president; Mrs. Elinor Taylor, president-elect; Webster School; Mrs. Eleanor Heimkamp, treasurer - Moro Midway School; Mrs. Thelma Clem, South Roxana School.

Retiring officers are Mrs. Elma Flath, president; Wood River High School; Mrs. Gladys Aubrecht - president - elect, Board of Education, Edwardsville; Mrs. Eleanor Heimkamp, treasurer - Moro Midway School; and Mrs. Laurene Cowen, secretary, Altan High School.

Attendance prizes were awarded.

SIU-SW Dance Theatre Holding Concerts

Southern Illinois University Edwardsville Dance Theatre will give a concert at 8:15 p.m. Friday and Saturday in the Communications Building theatre. Admission is free for both performances.

The program will open with "Introit," a dance choreographed as part of the dance liturgy, followed by "Going," a satirical dance by Stephanie Thomas of SIU-SW dance faculty.

Also included will be excerpts from "Lithographs," choreographed for last year's dance concert and praised in Dance Magazine.

"Nimbus," a satirical dance making use of unusual lighting techniques; "Olympic Refrains," using music composed and performed by SIU-SW pianist Renato Prezzler; and a film made specifically for the dance, and "Torque," a driving dance featuring a duet by SIU-SW dancers director Al Wiltz, and his wife Nancy, comprise the remainder of the dance concert.

With the exception of "Going," all of the dances were choreographed by Wiltz. All performers but Wiltz and Miss Thomas are SIU-SW students. The include Tom Ray and Kathy Winkle Elles of Granite City.

Parked Auto Struck
The front of the auto of Edward Paschenda, 4200 Lake Drive, parked at 2075 Washington Ave., was struck by a truck driven by Dale Trece, no address listed, who was backing out of a driveway at 11:10 a.m. Saturday.

Soccer Goals Axed
Two soccer goals owned by the YMCA were clamped down with an axe at St. Elizabeth's Parish field, it was reported at 7 a.m. Saturday.

Regional Report -- Steel, Festival, Airport Developments

(Illinois Metro East Industrial Development Corporation) Granite City Steel Co. announced it has agreed to merge with National Steel Corp. of Pittsburgh, currently the country's fourth largest steel producer.

The merger is subject to approval by the boards of directors of the firms and by shareholders of Granite City Steel. The key factor is how the U.S. Justice Department views the proposal.

The merger would move National Steel, with current sales of \$1.2 billion and employment averaging 30,000, into third position among the nation's steel producers. Granite City Steel last year had sales of \$198 million and employs 5,400 people.

Good news came to festival lovers in the area with the announcement that the Mississippi River Festival will be held again this summer at Southern Illinois University's Southwest campus July 10 through Aug. 15.

The board's decision was made despite the need for funds in the amount of \$150,000. Contributions to the financially troubled Festival include \$50,000 from the Illinois Art Council and individual contribution of \$5,000 each from Frances A. Stamper and Albert Cassens of the Edwardsville Jaycees.

Edwardsville. The Women's Association of the Symphony Society has agreed to match the first \$20,000 collected by the pyramid fund-raising organization. Pyramid announced it has collected \$870 after one week.

State Senator Sam Vaden of Edwardsville introduced legislation for the building of a cultural exhibition center on or near the SIU-SW campus which would provide a permanent home for the Mississippi River Festival.

It was an election week. In many cities and villages, candidates for mayor topped the ticket. Incumbent mayors returned to office included Robert C. Krump in Waterloo, Thomas Staicoff in Pontoon Beach, Lewis Krause in Collinsville and Frank Keaser in East Alton.

New mayors elected were Wilbur F. Korman in Hamel; James Womack in Lenzburg; and in Centerville, Ernest Smith Jr. Other village and city officials also figured in the elections.

Mayor A. J. Cervantes of St. Louis reinforced the importance of the Illinois local and individual contribution of \$5,000 each from Frances A. Stamper and Albert Cassens of the Edwardsville Jaycees.

Louis Field as a major terminal on a long-range basis. A series of maps was used to show that the area required in the construction of the needed 15,000-foot parallel runways could displace more than 50,000 Missouri residents, could cause the elimination of needed industries, and would have environmental effect on about 100,000 persons.

In transportation news, work was resumed on 12 state highway construction projects in St. Clair and Madison Counties.

Harold Gegel, assistant director of the State Highway Department's district office at French Village, credited work resumption to a "gentlemen's agreement" reached last week by contractors, unions, the Metro East Labor Council and the U.S. Justice Department.

Unions and contractors agreed to have at least 20% minority group members in work forces on road projects.

Plans for several recreational projects in the area were announced. The Edwardsville Jaycees proposed a three-phase plan to redesign LeClaire Lake and Park. Members of an urban planning class taught by Tom Stephens of the Southern Illinois University Architects

Office are working on plans for the park. As a result of having a comprehensive plan, the Jaycees hope to get matching funds from the Department of Housing and Urban Development.

The Belleville Jaycees voted to extend their efforts in behalf of a proposed multi-purpose facility at Citizens Park. Workers report pledges and contributions totaling \$60,000. In addition to seeking additional funds, wider community involvement will be sought for leadership and participation.

April 29 has been set for the first general, public meeting of the new Madison County Citizens Environmental Council.

The group, soliciting the public's ideas about what should be done in Madison County, will meet at 7:30 p.m. in the First Presbyterian Church in Edwardsville.

Auto Forced Over

Mike Patrick, 2222 Alexander St., reported at 11:45 p.m. Friday that his auto was forced over the median into oncoming traffic, damaging the bottom and right side, by another car which left the scene at 11:45 p.m. Friday at Nameeki Road and Route 162.

(Second of two parts)
In the last issue we began a review of Southern Illinois University's past and present. With 13,700 students at the Western campus and 23,543 at Carbondale, where the university began in 1869, SIU provides a two-year required program of general studies followed by work in three colleges, nine schools (including medicine), five institutes and a separate department of nursing.

A dental medicine program has been approved and is to be started on the local campus during 1972. The university also has extension and adult education divisions and offers two-year associate degree programs in 288 fields in a Vocational-Technical Institute.

The graduate school of doctors master's degree work in 81 fields of study. The school of philosophy programs in 20 areas. The fall 1970 enrollment was 4,578 students in graduate studies.

Funds for current research government and outside sources during the last fiscal year totaled \$6,100,000.

Illinois students pay tuition of \$117 per quarter and out-of-state students pay \$398 per quarter. Fees, including book rental, amount to \$48.50 for each category of students.

In-state high school graduates ranking in the upper half of their classes, or so ranked by their scores on the ACT entrance examination, are admitted in any quarter.

Those in the lower half academically may be admitted only during the summer quarter and must maintain a minimum "C" average to continue in the fall.

Out-of-state students must rank in the upper 40% of their high school classes for regular-year admission and can enter the summer quarter on the same conditional basis.

It is not surprising that SIU has an international flavor. Eight hundred foreign students from more than 80 countries and territories are part of its student body.

More than half of the foreign enrollees are graduate students working at the master's and doctoral level.

In addition to the foreign students enrolled at the university, a number at Carbondale take special work at the school's Center for English as a Second Language.

SIU has 103 major buildings and approximately 260 minor and temporary buildings on the two campuses.

The university utilizes 287 general classrooms and 201 teaching laboratories. The latter figure does not include laboratories used for pure research; laboratory space devoted solely to research has been measured at 10,441 square feet.

The teaching week runs from 8 a.m. to 10 p.m. on weekdays and until noon on Saturdays.

Average classroom use at Carbondale, SIU-SW, is 34 hours each week.

What about student housing? SIU requires that all single undergraduate students live in "accepted living centers."

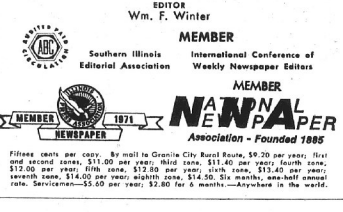

A residence is so classified when its physical facilities and management pattern provide an environment conducive to study and reflect enterprise for the general welfare of the students.

In addition to university-operated on-campus residence halls housing 5,800 Carbondale campus undergraduates, there are more than 960 approved off-campus housing units off campus. The university also operates apartments for married students, including 248 apartments at SIU-SW.

Southern has social fraternities and sororities, more than 100 honorary and professional student organizations and a social-recreation program for local residents.

Bill Being Introduced to Divide Levee District, Create New Quad-City Agency

The news pages today disclose plans for introduction tomorrow of a General Assembly bill to divide the Madison County and St. Clair County portions of the East Side Levee & Sanitary District and create a separate Quad-City area levee district.

It merits passage because, virtually throughout the 64-year history of the district, there has been a massive collection of property tax funds from the Quad-Cities without corresponding expenditures here for levee and drainage improvements.

Some help was carried out, but the main emphasis was on attainment of East St. Louis political goals. Abuses included blocking legislative attempts to force reasonable purchasing, contracting and hiring procedures while simultaneously trying to sneak through bills authorizing unlimited non-referendum bonding authority.

Principal objections to the division of the district have come from the East St. Louis area. One suggestion has been that, instead of two smaller districts, there should be one large district encompassing not only the present area but a much larger territory. The weakness of such planning is the reluctance of property owners in bluff area communities to take on an additional tax burden.

Another suggestion is that the present levee district somehow be abolished, with responsibilities instead taken over by the U. S. Army Corps of Engineers or some other group.

This sounds good but there has been no solid indication that the Engineer Corps or other agencies would be willing. Certainly, if they decide to assume levee-drainage district duties, they could do so just as well from twin districts as from the present East St. Louis-Quad-Cities district.

What the division would achieve is continued services and the assurance that the two separate, dissimilar geographic areas could to a considerable degree go their own way, planning and administering projects that their constituents want and pay for. Adequate agreements on overlapping drainage lines and on division of existing debt need not be major obstacles.

Longevity May Always Be Limited But Quality of Life Need Not Be

By PETE BROWN Southern Illinois SIU News Service

A group called the Committee for the Future has committed itself to an effort to get the human race cracking to new frontiers. Namely, outer space.

"Earth-bound history has ended," says the Committee's top spokesman, Earl Hubbard. "The alternative to 'world wars' is space wars. The choice is to stay at home and eat and reproduce until we serve into extinction, or look for new worlds and new systems of supporting life elsewhere."

The Committee—with nationwide membership and representation—has called a conference April 29 at Southern Illinois University, Carbondale, to discuss its goals, hopes and alternatives to being called "Man-kind in Universe."

One of the arguments advanced for extra-terrestrial frontiersmanship is that population control, even if successful, can be only a stopgap measure because science may figure out a way for people to live.

"The alternative to 'world wars' is space wars. The choice is to stay at home and eat and reproduce until we serve into extinction, or look for new worlds and new systems of supporting life elsewhere."

Before the space people conference, a group of distinguished American scientists has assembled at SIU to celebrate the opening of the university's new space science and technology building.

The committee's concerns centered largely on the quality of life on earth now—the web that knits life processes at all levels to the condition of society itself.

Reduced Need for Grade School Classrooms But Greater Space Squeeze in Upper Grades

The best-laid plans sometimes have to be changed.

It is understandable that the Granite City school board is reviewing its proposals for accommodating junior high school and high school students during the 1970s.

Enrollment this year for all grades totals two youngsters less than a year ago. An increase of 97 is projected for the coming fall, but the trend of the last several years differs sharply from the situation which prevailed for many years—a consistent yearly gain of 300 to 600 in the number of Community Unit School District Nine pupils.

The temporary plateau, on the surface, simplifies planning for the provision of physical facilities.

However, the size of each age group within the total varies. As a result, there is less need for elementary classrooms than had been anticipated, but the squeeze on secondary school space is intensifying.

The current school building program—an Old National Renaissance-style building on Maryville Road and Highway 203—was logical at the time it was planned.

With the increased pressure on primary and intermediate facilities but a real problem in accommodating the upper grades, a revision of the previous planning may prove to be the most economical course.

Higher Percentage of Earnings Necessary From Granite City Steel Co. Operations

A ten-year comparative summary of Granite City Steel Co. finances, restated to reflect the acquisition of Central States Steel on a partial, pooling-of-interest basis, shows the trend which formed the background of the April 19 decision to merge Granite City Steel and its subsidiaries into the National Steel Corp. of Pittsburgh.

With dividends of \$1.40 per share of common stock paid yearly, primary earnings per share were \$2.06 in 1961, followed by \$1.69, \$1.53, \$2.55, \$2.34 and \$2.39 in 1966. Earnings dropped to \$1.27 in 1967, when the \$1.40 dividend pattern was continued; to a loss of \$1.51 in 1968, when the dividend was 65 cents; and to 32 cents in 1969 and 76 cents in 1970. No dividends were paid during the past two years.

Dividends are essential if stockholders are to be rewarded for their investment and if a company is to be able to attract capital for future capital improvements.

Unless earnings exceed the interest which can be obtained from guaranteed investments, there is little incentive to buy stocks, whose value fluctuates almost daily. The proportion earned on sales during the 1961-70 period was 6.1%, 5.1%, 4.5%, 6.5%, 5.8%, 6.1%, 3.7%, none, 0.9% and 1.8% in 1970.

Granite City Steel has many strengths which this brief comparison fails to show. We believe it can return to profitability with National Steel, if the merger is approved, or on its own. In either eventuality, a higher percentage of earnings and a restoration of dividends will be essential.

Challenges Prefabricated Homes

Not attracted, is a necessity to the industry.

On April 15, the Granite City Council passed an ordinance to allow construction of 124 Section 238 homes at the intersection of Maryville Road and Terminal Avenue.

The following is how the votes were cast: For—N. N. Whitmer, Basarich, Boyd, Dallas, Robertson, Poulos, Green, Morien and Daves. Against—Parnley, Schuler and Morien.

What are the requirements for a 235 home owner? Using as an example a husband and wife and two children, the combined annual income cannot be greater than approximately \$7,000. The purchaser is required to make a 5% down payment. Monthly payments are then subsidized by the government.

Several points of argument were presented against passage of this ordinance:

1. The prefabricated homes are not constructed in Granite City. Therefore, they would not utilize the city's labor force.
2. It takes a minimum number of craft unions for erection because the homes are prefabricated.
3. The construction would cost the city \$36,000-plus to annex the land before Maryville Road is completed. If the city would wait until after construction of Maryville Road, there would be no such cost incurred.
4. The city has its fair share of low-cost housing.
5. Low-cost housing does not attract people with average purchasing power, resulting in a smaller gain for retail establishments.
6. Skilled labor, which will

Book Review-Laymen Can Grasp 'Between Capitalism, Socialism'

Between Capitalism and Socialism: Essays in Political Economics. By Robert L. Heilbroner. Random House, New York: \$7.95, clothbound; \$1.95, paperback.

This book constitutes a not unusual "once-over-lightly" by Robert L. Heilbroner, . . . but is nevertheless interesting to one who does not have the time to become enmeshed in a deep and penetrating study of the science of economics.

Consisting of a collection of essays, with a useful alphabetical index, the volume is the latest in a series.

The author is attempting to transform economics from a dismal science "only for economic majors" into an exciting one that even laymen can comprehend.

"Between Capitalism and Socialism" touches on the race revolution, on the ecological crisis, on the impact of technology, on the psychology of acquisition, on anti-Semitism, on Marxism, on the views of A. A. Berlioz and J. K. Galbraith . . . and much more.

Marx comes off rather badly in the essay titled "The Machine-Give Question Is Posed: Did the machine-age give society with the industrial capitalist, or with the industrial manager?"

One reviewer feels this may be splitting hairs. In his essay "The Anti-American Revolution," the author points out the difficulty that needlessly arises in deciding which foreign revolutionary government to support and which to disavow.

He deplores the fact that the foreign policy of the United States is often determined by the regime that is out to oppress people, and opts for a more humanitarian policy.

He is pragmatic and non-interventionist policy could be pursued in the future, a kind of victory could yet be snatched from the otherwise pointless and hideous sacrifices of the Vietnam war.

"Marxism Restated and Reviewed."

"This leads me to my final point: Marxism is an effort to discover causality in the train of history. I cannot refrain from noting as well another theological attribute of Marxism in its horror of money and exchange which so resembles that of the Church Fathers contemplating sexuality."

Robert L. Heilbroner is a graduate of Harvard and now chairman of the Department of Economics of the Graduate Faculty of the New School for Social Research.

President of New York City and Martha's Vineyard, he spends his summers bird watching and writing.

Mrs. Harold Stewart, newly-elected president of the Lydian Circle, was in charge at a meeting of the group held at the Presbyterian church.

Pamela Sue Britton Weds Gary R. Penrod Saturday

White summer flowers and greenery decorated Third Baptist Church for the wedding Saturday evening of Miss Pamela Sue Britton, a daughter of Mr. and Mrs. Kenneth R. Britton, Rural Route One, and Gary R. Penrod, whose parents are Mr. and Mrs. Earl Penrod of Louisville, Ky., formerly of Granite City.

The candlelight ceremony was performed at 7 o'clock by the Rev. Carl R. Watkins, church pastor, and a reception was held afterward at Holy Trinity Hall in Madison.

Mrs. Cora LaMond presided at the organ and played the wedding march and recessional. She was also accompanist for the vocalist, the Rev. David T. Richardson, associate pastor, as he sang "A Time For Us"; and "Hawaiian Wedding Song".

The altar of the church was illuminated with burning candles in candelabra, and white satin bows marked the pews along the aisle. Miss Linda Chapman and Miss Debbie Reeder lighted the candles.

The bride was given in marriage by her father. She wore a gown of white voile with delicate flowers of Venice lace blooming along the short sleeves and trailing along the scoop neck and down the front of the Empire A-line silhouette.

A detachable train was chapel length and a mantilla veil extended the length of the gown. The bride held an arrangement of spring flowers, including stephanotis, baby breath and roses.

Miss Martha Hoedebeck was honor attendant, and the bridesmaids were Miss Debbie Shan-

ta, Miss Joan and Miss Cynthia Britton, cousins of the bride. Miss Rhonda Britton, a younger sister of the bride, was junior maid.

They wore gowns of cotton voile, the Empire bodices, embroidered with daisies, having high ruffled necks, long cuffed sleeves and A-line skirts gathered in the back to give train effects.

The honor attendant was in lilac and the bridesmaids chose bright pink. All wore long veils to match the gowns and carried bouquets of bright pink and white daisies, roses, "mums", and baby breath.

Stephanie Cassidy, the bride's cousin, flower girl, was in pink, her gown like those of the older girls. She carried a mixture of spring flowers in a white basket. Jeffery Hicks, the bridegroom's cousin, served as ring bearer.

Larry Pirtle, an uncle of the bridegroom, was best man, and the corps of groomsmen and ushers consisted of Mike Mance, Frank Meheic, Earl and Kenneth Penrod, brothers of the bridegroom, and Ernest and Floyd Britton, uncles of the bride.

The bride and groom are 1970 graduates of the Granite City High School and the bride is employed by the Graham Paper Co. in St. Louis. Mr. Penrod is employed by Target Foods Inc., in University City. Mo. They will live in Kirkwood, Mo.

The rehearsal dinner was held Friday evening at the Round Table Restaurant in Collinsville.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Floyd Britton of Cherryville, Mo., grandparents of the bride; Mr. and Mrs. Ronald Million of Louisville, Ky.; and Mr. and Mrs. Cliff Adams of Martinsville, Ind.

The newlyweds are honeymooning this week at the Lake of the Ozarks.

SPRING BRIDE. Mrs. Gary R. Penrod, whose wedding took place Saturday evening at Third Baptist Church. She will be remembered as Pamela Sue Britton.

New Associate Pastor Accepted

Joe W. Harden of Hobart, Okla., has accepted a call to become associate minister of Central Christian Church, 2020 Johnson Road. He will assume his duties here July 1.

At present, Mr. Harden is director of the Hobart High School music department. He is a native of Blackwell, Okla., and is a graduate of Oklahoma State University in music education. While at Oklahoma State, he worked with Dr. L. Jim Anthis, now minister of Central Christian, as a vocal and youth director at the Christian Church, Pawnee, Okla.

Upon graduation the new associate pastor went to the public schools of Hobart to teach music and also worked toward his master's degree in music at the University of Oklahoma. He then served in the U.S. Army as a member of 7th

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are left thoughts. They stick out to one side. They simply weren't designed to be part of the mower.

The Snapper V-21 or 18 has its grass bag between the handles. You can close

trim on both sides, and vacuum your lawn while you're mowing. And the bag holds three times as much grass. We designed it that way.

In fact, all the good things about Snapper V-21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

Women Panelists Fight Prejudice With Concern, Discussion, Action

BY DONNA HOGAN
Press-Record Staff Writer
World-wide strife, nation-wide prejudice and animosity among people have inspired a group of women throughout the country to form an organization known as The Panel of American Women.

The members speak to clubs, civic groups, churches and schools presenting their experiences and hopefully suggesting some constructive steps in introducing a better way of life for all people.

The idea for such a panel originated 12 years ago with Mrs.

Paul Brown of Kansas City, Mo., when she planned a human relations program featuring a panel of women, one Jewish, one Catholic, one Negro and one Protestant. The panel was flooded with questions after delivering a program which presented a unique and different approach to the problem.

News of the first panel spread to other parts of the country and soon more concerned women asked to join the group. At the present time there are over 67 panels in leading cities from coast-to-coast, involving well over 1,500 women.

Deepens Concern
Their success is difficult to measure, but their frank, personal approach to prejudice, fear, bitterness or indifference has initiated discussion, deepened concern and pointed the way to effective action in countless communities.

The Metro-East Panel of American Women has a group of 22 panelists from Granite City, Edwardsville and Alton. The local panel was started last year by Mrs. Sylvia Cross of Granite City, who has since moved to Kansas. Her duties as coordinator have been assumed by Mrs. Ancelee Arat and Mrs. Eleanor Friedman of Alton.

Quadr-city women who are active panelists are Mesdames Ellen Ehler, Marie Gordon, Ruth Lamb, Fern Thomas and Janet Wilson, all of Granite City, and Mrs. Hazel Smith of Madison.

The Panel of American Women fights prejudice in a personal way by telling their own story.

Panelists discuss what it feels like to be a Catholic supporting two school systems; or to be a black American forced to live in a ghetto regardless of values and economic standing.

To be Jewish and denied executive positions in business because of religion or as a white Protestant painfully aware of many injustices and seeking a better way of life for all Americans.

After sharing such experiences the panel's moderator opens a discussion of questions from the audience. Panelists answer them simply and with specific examples from their own lives. In this way many misunderstandings can be corrected, fears and negative feelings overcome.

More information regarding the panel may be obtained by writing Mrs. Sidney Arat, 2204 Edwards St., Alton, or by calling 1-662-3465.

DINNER, HIKE, COURTESY DISCUSSED BY LEADERS

Final plans were made for a mother- and daughter banquet for scouts of Neighborhood Two during the April meeting of the Neighborhood Girl Scout Leaders Association Thursday evening, at Emerson School, with the McKinley School leaders as hostesses.

The chairman, Mrs. Doris Wood, distributed tickets to the dinner May 1 at St. Joseph's. The scouts will be entertained by the Englewood kitchen band.

On May 8, from 9 to 11 a.m., there will be a hike for all Junior Scouts in District Four who are interested in earning the foot traveler and gypsy badges. The scouts are to assemble at the 58th Street exit off Route 480 in Belleville, from the hike to the Shrine of Our Lady of the Snows. The hike is being coordinated by Scout Scouts Nancy Hodge, Phyllis Barnes and Suzy Barker. The scouts are to bring sack lunches.

Mrs. Wood announced that a basic leadership training course will be held May 10-12-14 from 7 to 10 p.m. at St. John's United Church of Christ for all District Four prospective leaders. Those interested should contact the neighborhood chairman, Junior, Cadette and Senior Scouts interested in a Lewis and Clark pilgrimage. The trip is being planned by Scout Scout Contact Floyd Jordan at 931-2897; the pilgrimage has been set for May 15.

The Neighborhood Two leaders' dinner is scheduled for May 12 at the North's Ark restaurant; the leaders will meet at St. Joseph's at 6 p.m.

The two top cookie selling troops in each neighborhood will be provided free tickets to see a ball game at Busch Stadium June 16 at 12:30 p.m.; reservations must be turned in by the district chairman, Mrs. Virginia Marlette, by June 1.

Mrs. Dorothy Foster has been appointed troop organizer and Scoutmaster for the new year. Refresher courses were given to those mentioned and Mesdames Irene Nelson, Mary Cox, Gloria Jefford, Eleanor Gaffney, Margaret Barton, Pat Higgins, Jean Edwards, Loretta Conley, Julia Coffman, Norma Walton, Margaret Wilson, Mrs. Mary Moore, Alice Milachovich, Sandy Simpson, Frances Boen, Mildred Noth, Lynn Krug, Carol Murray, Pat Doty and Mary McCabe.

Regular meetings will resume in September.

APRIL CLASS SESSION

The Ruth Bible Class of Calvary Baptist Church held its April program and business session at the church last night. The wedding of Miss Regina Joy Hull and John M. Bohnenstiehl, U. S. Army, took place Saturday afternoon at St. Joseph Catholic Church.

The bride is a daughter of Mr. and Mrs. Clyde T. Hull, 2608 Cayuga St. Mr. Bohnenstiehl's parents are Mrs. Genevieve Bohnenstiehl, 2548 Center St., and Clarence E. Bohnenstiehl of East Chicago, Ind.

The Rev. Martin Mangan officiated at the 2 o'clock ceremony before the altar banked with spring flowers. Michael Kitzel served as acolyte.

Given in marriage by her father, the bride was attired in a gown of white acetate overlaid with nylon in an A-line silhouette. The front panel was appliqued with lace encrusted with seed pearls and sequins, and matching lace edged the neckline, the yoke and the long sheer bishop sleeves.

Completing the ensemble was a flowing mantilla finished with a wide border of lace and held in place with a lace bow headpiece. A cascade bouquet of gardenias centered with a corsage of the same flowers was carried by the bride.

Miss Marilyn Hull, the bride's sister, was honor attendant, serving with Miss Nancy Bohnenstiehl, the bridegroom's sister, Miss Angela Hull, another sister of the bride, Miss Mary Ann Horvath and Mrs. Roland Lee, bridesmaids.

They were identical gowns of aqua powder puff crepe. The semi-full skirts were floor-length and the long puffed sleeves and the Empire bodices were trimmed with Victorian lace. Picture hats with long streamers matched the gowns and they carried colonial bouquets of daisies, white for the honor maid and yellow for the bridesmaids, tied with matching ribbons.

Two young cousins of the bride, Sonya Bristol and Danny Hull Jr., served as flower girl and ring bearer. The former was in a powder blue dress with a white lace bodice. She wore a blue picture hat and carried a basket of yellow and white daisies.

Kenneth W. Bohnenstiehl was best man for his brother, and groomsmen and ushers included Jerry Hull, the bride's brother, Jack Hadesty, Bill Hanks, Bobby Sparks, Samuel Hull and Danny Hull.

For her daughters wedding Mrs. Hull chose a shell pink ensemble, while the bridegroom's mother appeared in a two-piece mint green dress. Both wore carnation corsages.

Music for the wedding was provided by Mrs. Clea Judd, organist, Mrs. Ann Pieper and Victor Stroke, an uncle of the bride, were soloists. They sang "Ave Maria," "On This Day," and the Lord's Prayer.

Assisting at the reception, held at the Polish Hall in Madison, were Misses Mary Etta Hull, who presided over the guest book, Fairy Marie Hull, Carla Svoboda and Janice Lange.

After a brief wedding trip the couple will return here and the bridegroom will depart by plane for his base at Fort Dix, N. J. The bride is employed as a secretary at the U. S. Army Aviation Systems Command in St. Louis.

Both young people are graduates of the Granite City High School. Mr. Bohnenstiehl attended SIU-SW before entering military service.

MRS. EDNA STRAUB ENTERTAINS CLUB

Mrs. Edna Straub, 2903 E. 25th St., was hostess Thursday evening for her pinocle club for a regular meeting.

Those holding high scores and winning prizes were Mesdames Alycia Seipel, Marceline Williams, Hazel Bensley, Irene Hendricks and the hostess. Also present were Mrs. Audrey Hazelwood and Mrs. Linda Wense. The next meeting will be in the home of Mrs. Wense.

PLAZA LAUNDROMAT SHIRTS 30c

MRS. JOHN M. BOHNENSTIEHL, a bride of Saturday. Before her wedding at St. Joseph Catholic Church, she was Regina Joy Hull.

Miss Sharon Wilmoth Weds Curtis Champion

Miss Sharon Jean Wilmoth and Curtis Noble Champion exchanged wedding vows in a ceremony Saturday afternoon at Bethel Pentecostal Church with the Rev. Kenneth Brand officiating at 2 o'clock.

The bride's parents are Mr. and Mrs. Henry D. Wilmoth, 2217 Illinois Ave. Mr. Champion is a son of Mr. and Mrs. Noble R. Champion, 2011 Bryan Ave.

A floor-length gown of lace over satin was worn by the bride. It was styled with a natural waistline coming to a point in the front. The full skirt was formed of tiers of lace over satin, ending in a colored train. The bodice had a square, scalloped neckline and the long sleeves were finished with ruffles at the hands.

The short veil had a band of daisies on white tulle and the bride carried a teardrop bouquet of daisies and carnations with a removable corsage.

The bride is a graduate of the Granite City schools. Mr. Champion graduated from the bride and groom, served at schools in Eddyville, Ky. He is employed by the Owens Board Co. in Madison.

For her daughters wedding, Mrs. Wilmoth chose a peach-briar's sister, and David Wilmoth, a brother of the bride, were flower girl and ring bearer. The former was dressed like the older girls and carried rose petals.

Larry Tidwell and Rudy Young were best man and groomsmen. Terry Tripp and a Thomas Jones acted the guests.

Aldermen OK \$75 Meeting Fee; Paid if Absent in Some Cases

Granite City aldermen have increased their meeting fees to \$75 per meeting and approved certain conditions under which an alderman may be absent and still collect his salary.

The increased per diem will apply, however, only to the salaries of those aldermen elected in the April 6 city election, whose new terms will begin May 3. Under state law, compensation for elected officials cannot be changed in mid-term.

The \$75 fee is a \$25 increase from the \$50 per meeting which has been received by council members in the past. Those aldermen whose terms did not expire this year will continue to receive the \$50 fee until May 1973. Aldermen elected in April 1973 will begin receiving the higher salary at the beginning of their terms.

The increase means that seven of the aldermen—those elected in April 6—may receive total compensation of \$270 per month for attending the three regular scheduled council meetings each month. The council meets regularly on the first, third and fourth Mondays of each month.

Receive Expense Funds
The aldermen eligible for the increase during the new term beginning next month receive \$75 per meeting for the three sessions, or a total of \$225. Aldermen also receive a flat expense allowance of \$25 per month.

Nonn Amends Bill
The ordinance when first presented to city council members did not include the latter provision pertaining to a change in work schedule. It was added to the ordinance by

month which would bring the total to \$250.

In Granite City the aldermen also make up the town board which conducts two meetings each month. These meetings are held immediately prior to the regular council meetings on the first and third Mondays of each month and customarily require only a few minutes for approval of claims and vouchers.

For participating in the two town meetings, the aldermen receive a per diem fee of \$10 per meeting, from the township, or a total of \$20, bringing their total meeting fees and expenses to \$270 per month.

The ordinance setting the new aldermen's fee specifies that "each alderman shall be allowed two absences in each fiscal year which shall be paid him at this rate."

It sets out also that "each alderman may miss additional meetings, other than the two meetings hereinabove specified, if such alderman can show due cause for such additional absence, such as illness of the alderman, serious illness of a member of the alderman's immediate family, a death in the alderman's immediate family, or other like cause."

It also pointed out that Granite City recently reduced its eight city wards to seven wards, eliminating two aldermen and thereby cutting the aldermanic fee costs by \$4,800.

It said also that the cost of living since March 1967 has increased from \$8.9 to \$18.4 as of March 1971, and that the city has increased all city employees' direct wages approximately 42.5% since 1967, not including fringe benefits.

\$750,000 Suit Filed For Venice Youth

A suit against the Norfolk & Western Railroad asking \$750,000 damages has been filed in Edwardsville on behalf of Jeffrey Garrett, 10, of Venice, who lost both legs and suffered other injuries when he slipped under a moving train Sept. 20, 1970, at the tracks near Lee Park in Venice.

The suit was filed by the youth's mother, Mrs. Patricia Garrett, and charges the railroad with negligence in allowing children to play on the railroad tracks.

The people of Columbia are proud of their German heritage and want everyone in the metropolitan St. Louis area to know it.

In 1961, they inaugurated a street festival with a German flavor to draw attention to their community. That year the event, called the Strassenfest, attracted an estimated 1,500 people.

In 1969, the Strassenfest drew a crowd of 75,000 to 90,000 people.

Lively Festival
What is the Strassenfest? First, it is people, people getting together and having a good time eating German dinners of knockwurst, bratwurst and potato pancakes and washing it down with that popular German drink—beer.

The Strassenfest is plenty of live entertainment furnished by the community.

There are the Columbia Strassenfest Singers and Dancers; the Strassettes, a dance group which promotes the Strassenfest; the Waterloo (a neighboring town) German Band; Waterloo Barbershoppers; and the everpopular Deutscher Brass Band, to mention a few of the folks who enliven it.

Polka bands and drum and bugle corps are featured. There is even a teenage dance scheduled each night to keep the young people happy.

And if you don't care to dance, there is plenty of room to sit and listen to the music and watch the festivities.

The Strassenfest folks haven't forgotten those who don't participate.

German Heritage Is Still Much in Evidence to Tourists at Columbia

By JANE REINCH
Region 8 Tourism Council
of Southwestern Illinois

Gently rolling farmlands and prim, white-washed brick cottages hug the highway in evidence of the predominantly German ancestry of the inhabitants of Columbia, Ill.

A community of 4,000 people, Columbia is located on Illinois Routes 3 and 158 and U.S. By Route 50. Although the quiet residential suburb is within 20 minutes of the hustle and bustle of downtown St. Louis, it still retains a quaint, old world charm.

The people of Columbia are proud of their German heritage and want everyone in the metropolitan St. Louis area to know it.

In 1961, they inaugurated a street festival with a German flavor to draw attention to their community. That year the event, called the Strassenfest, attracted an estimated 1,500 people.

ticularly care for German food. There is plenty of chicken, hamburgers, fish, pizza, ham, roast beef, and soda available.

Rides, Hobby Shows
Also included is a large midway with exciting rides, concessions and games. In the past, such things as coin, gun and hobby shows have been included. A card tournament is also staged during the festival.

The major problem of Strassenfest officials year after year is keeping enough food and drink on hand for the ever-increasing throng.

Statistics released for 1969 Strassenfest show that 90,000 visitors drank almost 800 half-barrels of beer and ate 300 chicken dinners, 20,000 bratwurst sandwiches and 5000 knockwurst dinners.

One year, the turnout was so great they ran out of room. Imagine wall-to-wall happy people and you have an idea of

what the Strassenfest meal looked like.

The Strassenfest is a community project and everybody pitches in to help. Held the third weekend in July, the festival begins late Friday afternoon and continues until Sunday evening.

Attendance at other events in the region on this weekend suffers because everyone looking for a good time heads for Columbia.

The Germans came to Columbia around 1833-35. They were good farmers and good businessmen.

They built homes of brick, modeled after the homes they knew in the old country. Today, the old with the new, and beautiful gardens stand as evidence of Columbia's proud heritage.
